Dear Governor Symington:

I am pleased to submit to you the Seventy-Eighth Annual Report of the Arizona Department of Insurance for the calendar year January 1, 1990 through December 31, 1990 as provided in A.R.S. §20-154.

The purpose of the Report is to provide you with a summary of the Department's major activities and accomplishments during 1990, as well as a summary of the insurance-related legislation passed during the recent legislative session. This Report also includes a summary of the financial data of the insurance companies licensed to transact business in the State of Arizona during 1990.

Respectfully submitted,

Susan Gallinger
Director of Insurance

1990 REPORT OF THE DIRECTOR

The Department of Insurance ("the Department") is organized into seven separate divisions: the Administration Division, the Information Systems Division, the Corporate and Financial Affairs Division, the Consumer Affairs and Investigations Division, the Rates and Regulations Division, the Hearing Division and the Receivership Division. The Administration Division is headed by a Business Manager and is responsible for the business administration of the Department. The Information Systems Division is headed by a Project Manager and is responsible for the computer operations of the Department. The Hearing Division is headed by the Chief Hearing Officer and is responsible for conducting all administrative hearings held by the Department. The Receivership Division is headed by the Deputy Receiver and is responsible for coordinating and tracking all receiverships, conservatorships and supervisions commenced by the Department. The remaining three divisions are supervised by Assistant Directors, each of whom is charged with overseeing his or her specific responsibilities as prescribed by the Arizona Insurance Code and as assigned by the Director of Insurance.

The Director is assisted by the Executive Staff which includes the Deputy Director, Chief Actuary, Executive Assistant and Administrative Assistant. A brief overview of the operations and activities of the Insurance Department during 1990 follows.

Executive Staff

The Deputy Director, Joseph M. Hennelly, Jr., is responsible for the administrative functions of the Department. Additionally, the Deputy Director works with the Deputy Receiver to monitor the delinquency proceedings filed by the Department and serves as liaison on administrative and judicial proceedings filed by the Attorney General on behalf of the Department.

The Chief Actuary, David G. Hurlbut, FSA, MAAA, serves as the actuarial consultant to the Department and is responsible for reviewing and analyzing insurance rates, rating procedures, rating plans and all phases of insurance operations.

The Executive Assistant, Sandra Lewis, is responsible for providing staff support to the Director in a variety of areas, including research, analysis and recommendations for a number of task forces and committees which involve insurance related issues. In addition, the Director and the Deputy Director are assisted by the Public and Market Information Coordinator, Gay Ann Williams, who serves as the legislative liaison for the Department and coordinates the press and consumer information activities for the Department.

Administration Division

The Administration Division is directed by Scott Greenberg, the Department's Business Manager. This Division is responsible for handling the Department's accounting, budgeting, payroll, personnel, procurement and facilities-management issues. During 1990, the Administration Division receipted and deposited a total of $105,132,928 in premium taxes, fines, fees and licenses to the State General Fund.

Information Systems Division

The Information Systems Division is headed by Michael Nikirk, Project Manager. This Division is responsible for the automation of the Department which is specially funded through the Computer Automation Fund established under A.R.S. §20-167.01.

During calendar year 1990, Information Systems developed and implemented a Consumer Call Tracking System in the Consumer Affairs and Investigations Division, a Civil Penalties Tracking System for use by the Hearing Division, and an Examinations Tracking System for the Corporate and Financial Affairs Division. The National Association of Insurance Commissioners' Model Laws were uploaded to the IBM AS/400 and made available to Departmental Staff and work was begun on a system to automate the Licensing Section of the Rates and Regulations Division.

Increased computer usage within the Department in 1990 necessitated a memory upgrade for the IBM AS/400 to 32 megabytes. Additionally, incoming telephone lines were installed in the computer room to facilitate remote communications with Field Examiners and Executive Staff. Ten more workstations were acquired in 1990 bringing the total of on-line devices to 115 including printers.

The Division responded to 765 requests for support from Departmental employees. These requests ranged from Word Processing support to Hardware Problem Determination and Resolution. The Division also answered 326 System Service Requests which included new programming, modification to existing systems, and data retrieval from the National Association of Insurance Commissioners.

The Information Systems Division is also responsible for the daily computer operations as well as the on-going applications development of the Department of Insurance.

Corporate and Financial Affairs Division

The Corporate and Financial Affairs Division is headed by Assistant Director and Chief Examiner Gary Torticill, CFE. The Division is responsible for monitoring the solvency of 877 domestic and 1,622 foreign insurers and also reviews and evaluates the National Association of Insurance Commissioners' Insurance Regulatory Information System ("IRIS") on domestic and foreign insurers.

In 1990 the Division conducted 202 financial examinations of domestic and foreign insurers. These on site examinations were conducted by independent contract field examiners. The Division also reviews all foreign reports of examination conducted by other states.

The Division processed and admitted 23 foreign insurers and 49 new domestic insurers and reinsurers during 1990. It represented the Department at 80 acquisition, merger and withdrawal hearings. The Division also collected $103,201,236 in premium taxes and other related fees and an additional $362,570 in penalties and interest during 1990. The Division is responsible for controlling and maintaining $258,922,356 in statutory deposits.

The Division also provides support and technical assistance to other divisions within the Insurance Department and to the Life and Disability and the Property and Casualty Guaranty Funds. The Division also maintains and updates insurer records and serves as the Department's official Custodian of Records.

The Corporate and Financial Affairs Division currently has eight full time employees and 29 field examiners.

Consumer Affairs and Investigations Division

The Department's Consumer Affairs and Investigations Division is headed by Assistant Director Jay Rubin. The Division is responsible for implementing the Department's consumer assistance programs and conducting investigations for administrative hearings and/or litigation regarding violations of Arizona insurance

laws. The Division maintains offices in Phoenix and Tucson to provide easier access for Arizona consumers to the Department's services.

During 1990 the Consumer Affairs Division continued to assist Arizona Senior Citizens with a statewide toll-free telephone line used to answer questions and/or concerns regarding insurance matters.

During the past year the Division handled over 8,000 written complaints and responded to over 100,000 telephone inquiries. The Division staff was successful in assisting Arizona consumers in obtaining settlements from insurers totalling over $10,468,149 in 1990. The Division oversees the administration and enforcement of the Unfair Claims Settlement Practices Act and the Department's regulations adopted pursuant to that law. The Division issued 149 citations for unfair claims practices against insurers during 1990. Division employees conducted 224 investigations of agents, brokers, adjusters and bail bondsmen resulting in 46 cases being referred to the Attorney General's Office for administrative and/or judicial proceedings.

Rates and Regulations Division

Deloris E. Williamson, CPCU, CIE, is the Assistant Director in charge of the Rates and Regulations Division which is comprised of three sections: Licensing, Life and Disability, and Property and Casualty.

The Division is also responsible for the 29 field examiners who conduct market conduct and rate examinations. A market conduct examination involves an on-site review of insurance company rating, underwriting, claims and marketing practices. A major purpose of this type of examination is to identify any unfair trade or settlement practice in which the insurer may engage. Rate examinations focus on the insurer's actual application of the rates and rating rules used to develop policyholder premiums.

There were 68 market conduct examinations and 15 rate examinations commenced in 1990. Additionally during this period, $291,872 was returned to Arizona policyholders and $501,500 in civil penalties were levied against insurers as a result of examinations.

Also, as a result of this Division's activities, the Department imposed against various licensees $37,300 in civil penalties for assorted violations of the insurance law and $119,512 in restitution to policyholders.

Licensing Section. The Licensing Section is supervised by Maureen Catalioto. This Section is responsible for issuing insurance licenses to agents, brokers, adjusters, solicitors, service representatives and risk management consultants who qualify pursuant to Arizona law.

During 1990 the Licensing Section issued 5,399 new life-type licenses, 2,388 new property and casualty-type licenses and 15,697 renewal licenses of all types. As of December 31, 1990 there were 38,231 resident and nonresident licensees who held a total of 52,676 licenses.

Life and Disability ("L&D") Section. Mary Butterfield, AIE, is responsible for this Section. This Section reviews advertising, policy forms, contracts and individual health insurance rates prior to their use by L&D insurers, health care service organizations ("HCSOs"), hospital, medical, dental and optometric service corporations and prepaid dental plan organizations.

The Section also ensures that insurers selling Medicare supplement insurance in Arizona make revisions to their policies and premium rates in compliance with changes in State and Federal laws. Especially significant was compliance review of the

major changes effective January, 1990 as a result of Congress' repeal of the Medicare Catastrophic Coverage Act of 1988 in November, 1989. The Section also prepared, published and distributed lists of insurance companies offering Medicare supplement and Long Term Care insurance in Arizona to assist citizens in purchasing these products.

During 1990 the Section conducted a survey of all L&D insurers, HCSO's, hospital, medical, dental and optometric service corporations and prepaid dental plan organizations. Results were utilized to prepare a complaint ratio to target insurers for market conduct examinations.

Two committees were assisted by this Section. They were the S.O.B.R.A. Coalition (a program which allows qualified pregnant women access to health care during their pregnancy and postpartum period and provides coverage for infants and children with some age restrictions) and the Health Care Group of Arizona Advisory Committee (a program of the Arizona Health Care Cost Containment System to provide health care to small companies with 25 or fewer employees).

Property and Casualty ("P&C") Section. Ken Wixon, CPCU, is the Supervisor of this Section which is primarily responsible for administering Arizona's insurance laws applicable to P&C rates and forms. Additionally the Section's responsibilities include regulating service companies, adding insurers to the surplus lines list, licensing rating organizations, reviewing workers' compensation ("WC") securities, assisting in P&C market conduct and rate examinations and monitoring the marketplace by conducting premium comparisons and availability studies. The Section is also responsible for controlling and maintaining $363,072,069 in service company, surplus lines and WC statutory deposits.

During 1990 the Section prepared five major publications for the benefit of Arizona insurance consumers to assist them in the purchase of insurance coverage and the selection of an insurance company.

Twice during the year, an Automobile Premium Comparison was published which compared insurers' six month premium quotations. The second edition (September, 1990) included premiums for 56 insurers writing over 90% of the private passenger automobile insurance in Arizona. For the same hypothetical risk, premiums ranged from a low of $404.06 to a high of $1,397.00 in Phoenix and a low of $322.35 to a high of $1,067.00 in Tucson. The comparison demonstrated that it is in the best interest of consumers to thoroughly investigate the marketplace in order to obtain the best coverage for their premium dollar. Consumers were cautioned that although price is always a consideration in the purchase of insurance, a consumer should also consider the company's service to its policyholders, its overall reputation, and the type of insurance contract and coverage available.

The Homeowners' Premium Comparison compared the premiums of 60 companies writing over 95% of homeowners' insurance written in Arizona. Six-month premiums were quoted for Phoenix, Glendale, Mesa, Flagstaff and Tucson. Premiums in Phoenix ranged from $230 to $513 for the same hypothetical risk. Again, the survey clearly exhibited the advantages of comparison shopping. A Mobile Homeowners' Premium Comparison was also prepared.

The Personal Lines Complaint Ratio brought to public attention insurers about which the Department had received numerous complaints in 1990. This publication assists the Department in assessing individual company performance during the year, identifying problems requiring prompt regulatory action, and deterring "would be" offenders. The Complaint Ratio also permits the Department to most effectively utilize its human resources by targeting insurers to be considered candidates for market conduct examinations.

Hearing Division

The Hearing Division is headed by Chief Hearing Officer Sara M. Begley. The Hearing Division issued a total of 534 notices of hearing, procedural orders and final orders in 1990. Civil penalties of $175,877 were imposed and $670,024 in restitution to victims was awarded, in addition to the penalties and restitution ordered as a result of market conduct or rate examinations. The Division also continued to provide legal assistance to the other divisions of the Department of Insurance and assisted in drafting insurance-related legislation and regulations.

During 1990, 54 agents had their licenses either revoked or suspended. The Hearing Division issued one order granting an applicant's insurance license and affirmed the Department's denial of licenses in nine cases.

The Division approved the acquisition of 23 domestic insurers, approved the merger of 12 domestic insurers and authorized the withdrawal of 45 domestic insurers from the business of insurance. In addition, during 1990 the Division issued 55 orders suspending or revoking insurers' certificates of authority, principally for deficiencies in assets.

Receivership Division

The Receivership Division consisting of a Deputy Receiver, an Assistant Deputy Receiver (position vacant at this time) and a Secretary is headed by Deanna Delmar, Deputy Receiver. The Division is specially funded through a Receivership Liquidation Fund established pursuant to A.R.S. §20-648 from the estates of insolvent insurers.

The Division is responsible for coordinating and tracking all receiverships and conservatorships conducted by the Department. The Division also acts as liaison to the two Arizona Guaranty Funds. As of December 31, 1990 the Department was monitoring 17 domestic insurers and one unauthorized domestic insurer in receivership and three foreign insurers in ancillary receivership. Four domestic receiverships were instituted in 1990 and one domestic and two ancillary receiverships were terminated.

Assistant Attorneys General

The Assistant Attorneys General of the Consumer Protection and Antitrust Divison assigned to the Insurance Department act as counsel to the Director of Insurance and the management of the Insurance Department. Their services include interpreting the Insurance Code and supplying statutory construction analyses in the form of Attorney General Opinions, counsel memoranda and oral communication. The Assistant Attorneys General also represent the Property and Casualty Guaranty Fund and the Life and Disability Guaranty Fund. Additional services include defending suits against the Insurance Department, representing the Department in appeals from the Director's administrative orders and instituting actions on behalf of the Director to enforce the provisions of the Insurance Code. The Assistant Attorneys General are also actively involved in the rehabilitation and liquidation of insolvent insurers and seek court appointment of receivers and ancillary receivers when necessary.

Other functions performed by the Attorney General's Office include drafting and reviewing notices of hearing, contracts and other legal documents for the Insurance Department, responding to correspondence from insurers and other state insurance departments, providing legal advice to the Department on various legal problems, and reviewing all rules proposed by the Insurance Department to ensure compliance with the Arizona Administrative Procedures Act.

CIRCULAR LETTERS

During 1990, the Department of Insurance issued a number of circular letters, bulletins and guidelines to the insurance industry. In order to simplify the communications process, the Department has renumbered the 1990 circular letters. These newly renumbered letters are identified by an "A" following the number (e.g. 90-1A). Future requests or correspondence regarding these circular letters should identify the new numbers.

In order to provide the insurance industry and other interested parties with the most recent communications from the Department, circular letters issued through July 1991 are also included in this annual report.

CIRCULAR LETTER NO. 90-1A

TO: ALL PROPERTY AND CASUALTY INSURERS, INSURANCE TRADE ASSOCIATIONS, AGENTS' ASSOCIATIONS AND OTHER INTERESTED PERSONS

FROM: SUSAN GALLINGER, DIRECTOR OF INSURANCE

DATE: January 29, 1990

RE: CANCELLATION OR NONRENEWAL OF HOMEOWNERS' POLICIES

Recently, the Insurance Department has received complaints that some insurers are not providing the specific facts regarding the reason a homeowners' policy is being cancelled or nonrenewed. The purpose of this circular letter is to remind insurers of the statutory requirements governing nonrenewal of homeowners' policies and to highlight certain specific areas in which the Department has found non-compliance.

The laws applicable to cancellation or nonrenewal of homeowners' insurance (A.R.S. §20-1651 et seq.) apply to all homeowners' policies and residential properties consisting of not more than four dwelling units. As noted above, these laws establish a number of requirements regarding cancellation or nonrenewal. Some examples follow:

1. A.R.S. §20-1652(A) states that after a policy has been in effect for sixty days or, if the policy is a renewal effective immediately, no notice of cancellation is effective unless it is based on one of the following seven reasons:

- nonpayment of premium.
- conviction of the named insured of a crime arising out of acts increasing the hazard insured against.
- acts or omissions by the insured or his representative constituting fraud or material misrepresentation in obtaining the policy, continuing the policy, or in presenting a claim under the policy.
- discovery of grossly negligent acts or omissions by the insured substantially increasing any of the hazards insured against.

- substantial change in the risk assumed by the insurer since the policy was issued.
- a determination by the Director of Insurance that the continuation of the policy would place the insurer in violation of Arizona insurance laws.
- failure of the insured to take reasonable steps to eliminate or reduce any conditions in or on the insured premises which contributed to a loss in the past or will increase the probability of future losses.

2. A.R.S. §20-1652(B), effective September 30, 1988, directs insurers in the event of nonrenewal based on condition of the premises to give the insured thirty days' notice to remedy the identified conditions. If the conditions are remedied, coverage shall be renewed. If the identified condition is not satisfactorily remedied, insurers must give the insured an additional thirty days, upon payment of the premium, to cure the defective condition. Insureds who believe nonrenewal under this subsection is arbitrary or capricious may appeal to the Director.

3. A.R.S. §20-1653 requires the insurer to provide notice of cancellation or nonrenewal in writing and to present the specific facts which constitute the grounds set forth in A.R.S. §20-1652 upon which the insurer is relying to cancel or nonrenew the policy. Many complaints received by the Department indicate that insurers use such general terms in the notice as "loss history". This phrase has little meaning to the insured, does not comply with the law because it does not present the facts, and clouds the issue.

For example, if a policyholder has incurred two losses within six months because his neighbor's children have fallen into the insured's unfenced swimming pool, the insurer cannot use "loss history" as a reason to nonrenew or cancel coverage. First, "loss history" is not one of the reasons for which the insurer may legally cancel or nonrenew under A.R.S. §20-1652(A). Second, the losses are being caused by a condition of the premises which the insured could probably correct by fencing his pool. Therefore, A.R.S §20-1652(B) applies, and the insurer must give the specific facts regarding the condition of the premises to the insured under A.R.S. §20-1653 in its notice. Also, in the preceding example, the insurer could not use "substantial increase in hazard" or "substantial change in risk" as reasons to cancel or nonrenew if nothing about the swimming pool has changed since the insurer initially accepted the risk.

It should also be noted that theft, vandalism and malicious mischief are also typical types of losses for which the insured can often correct the condition of the premises to avoid future losses.

4. A.R.S. §20-1654 requires an insurer to give at least thirty days advance notice of its intention to nonrenew or to condition renewal upon reduction of limits or elimination of coverage. If the insurer does not give thirty days advance notice, the insurer must renew the policy upon payment of the premium. Any policy previously written for less than a one year term may be renewed for a term of one year if the required notice is not given. A policy with no fixed expiration date is deemed to be written for successive policy periods of one year.

Although this circular is not intended as an exhaustive analysis of the homeowners' cancellation or nonrenewal laws, we hope it will serve to assist insurers in compliance with certain specific requirements. Since A.R.S. §20-1651 et seq. has other provisions relating to a variety of issues, we encourage those who issue homeowners' policies in Arizona to obtain a copy of the laws and to become thoroughly familiar with them.

RE: 1990 ARIZONA INSURANCE LEGISLATION

The 1990 Arizona Thirty-Ninth Legislature, Second Regular Session has recently concluded. As in recent years, insurance-related issues continued to be one of the major concerns for Arizona legislators. Bills considered by the Legislature which would affect insurance consumers and/or the insurance industry ranged from increased protection for health maintenance enrollees to legislation which would establish a "choice" no-fault system of automobile insurance. Tort reform focusing on medical malpractice was also of primary concern to legislators and their constituents.

In accordance with the Department's practice in the past, the following is a brief summary of the major components of the newly-enacted insurance legislation. The summary is not intended to be either an exhaustive listing or detailed legal analysis of the insurance bills that became law. Rather, the intent here is to describe the main areas where substantive changes in insurance statutory requirements have taken place. This synopsis should not be considered to be a legal opinion or otherwise binding interpretation of the legislation. I encourage all interested persons to obtain copies of the signed bills by contacting the Arizona Secretary of State's Office at (602) 542-4285.

The principal insurance legislation is as follows (reference is to the House or Senate bill number as enacted; please note that an "E" after the chapter number indicates that the bill was enacted with an emergency clause):

S.B. 1044 - PROFESSIONAL LIABILITY INSURANCE; CLAIMS REPORTING REQUIREMENTS

S.B. 1044 amends existing law to require insurers underwriting professional liability insurance to report to the appropriate health profession regulatory board any written or oral claim or action for damages for personal injury claimed to have been caused by an insured for errors, omissions, negligence, or breach of contract. Under current law, this information is provided to the Department of Insurance, which then transmits the information to the appropriate regulatory board. (Chapter 274)

S.B. 1046 - INSURANCE COMPUTER FUND

S.B. 1046 was proposed by the Department of Insurance to clarify that monies already deposited in the Insurance Computer Fund are to remain in this special fund and not revert to the General Fund. The fund was established in 1987 for the purpose of computerizing the Department and is funded by assessment of insurance companies, agents, and other licensed entities. At the time the fund was created, the intent was that no new monies would be assessed after December 31, 1989 but that the fund would continue to be available to complete the automation project. It is anticipated that the project will be completed prior to January 1994 at which time any monies remaining in the Computer Fund will revert to the General Fund. (Chapter 69)

S.B. 1067 - INSURANCE; CRIMINAL HISTORY INFORMATION

The Department of Insurance proposed this legislation to enable the Department of Public Safety (DPS) to perform criminal background checks on insurance applicants and licensees (via fingerprints) and disclose the results to the Department of Insurance. The information obtained through these background checks can be used to deny or revoke the license of an insurance entity based on the existence of felony convictions. This bill was a technical correction to a similar bill, enacted in 1989, which did not authorize DPS to process or disclose such information to the Insurance Department. (Chapter 70)

S.B. 1221 - VEHICLES; AFTERMARKET CRASH PARTS

S.B. 1221 amends the Unfair Claim Settlement Practices Act to prohibit insurers from settling claims with aftermarket crash parts unless the consumer is advised in a written notice that aftermarket crash parts will be used and each aftermarket crash part is clearly identified. (Chapter 159)

S.B. 1225 - CERTIFIED NURSES; REIMBURSEMENT FROM INSURERS

S.B. 1225 permits hospital service corporations such as Blue Cross/Blue Shield of Arizona to contract with certified registered nurses and registered nurse practitioners. It also allows these nurses to receive direct reimbursement if they have a participation contract with such a corporation. The bill also makes permanent a requirement that insurers provide coverage for services of a nurse practitioner if the policy or contract covers the services which are within the scope of the nurse practitioner. (Chapter 277)

S.B. 1250 - SEAT BELTS

S.B. 1250 establishes a requirement that each front seat occupant of an automobile wear seat belts while the vehicle is in motion. The bill also provides that one year after the effective date of the new law (January 1, 1991) the Department of Insurance must require automobile insurers to reduce their premiums to reflect any savings that are realized because of the enactment of this bill. Insurers are prohibited from using violations of this law for the purposes of increasing policyholders' premiums or determining insurability of an applicant for automobile insurance. (Chapter 240)

S.B. 1328 - FIRE INSURANCE PREMIUM TAX

S.B. 1328 reduces the amount of premium tax that insurers are required to pay for fire insurance written on property in incorporated cities that do not have their own fire departments and must contract with private fire companies. Currently insurers pay 2.2 percent premium tax on fire insurance premiums, regardless of the municipality in which the risk was written. This bill requires insurers to pay only .66 percent premium tax for fire insurance written on property in cities that contract with a private fire department. (Chapter 279)

H.B. 2016 - DEPARTMENT OF INSURANCE

H.B. 2016, referred to as the "sunset bill" for the Department of Insurance, extends the existence of the Department until the year 2000. (Chapter 38)

H.B. 2039 - FINANCIAL RESPONSIBILITY

H.B. 2039 amends the financial responsibility laws found in Title 28 of Arizona Revised Statutes. Prior to enactment of this bill, an individual who had his or her driver's license reinstated following a judgment for an auto accident was required to maintain proof of financial

responsibility via an SR22 form for the entire time he or she held a valid Arizona license. H.B. 2039 limits that time period to two years. In addition, this bill removed language from the law which exempted judgments relating to automobile accidents from protection under the Bankruptcy laws. This change was required because the exemption was found to be unconstitutional. (Chapter 7 E)

H.B. 2065 - MAIL ORDER PRESCRIPTION DRUGS

H.B. 2065 prohibits insurers, health care service organizations, or hospital medical service corporations from requiring a covered person to purchase prescription drugs exclusively from a mail order pharmacy. (Chapter 185)

H.B. 2098 - MOTOR VEHICLE INSURANCE; ENFORCEMENT FUND

H.B. 2098 requires law enforcement officers, effective June 30, 1991, upon investigation of alleged traffic violations to check the Motor Vehicle Division (MVD) computer system for notice that the insurance on the motor vehicle in question has been cancelled or nonrenewed. The bill requires the officer to cite the operator of the vehicle unless the operator can show evidence of current financial responsibility. It also allows justice courts to order suspension and surrender of a driver's license and motor vehicle registration for failure to comply with financial responsibility laws.

In addition, H.B. 2098 requires that all drivers must possess proof of financial responsibility (in the form of an insurance identification card) and that such proof must be within the vehicle at all times. If the policyholder changes insurers during the policy period, the owner must notify the MVD of the new policy. To ensure compliance, copies of the identification cards must be filed and updated with the MVD.

Under the provisions of this bill, insurers are required to provide the MVD with monthly magnetic tapes of all known cancellations, nonrenewals and newly-issued policies after such cancellation, nonrenewal or new issue has remained in effect for sixty days. The bill allocates $235,000 from the Highway User Revenue Fund to establish the Motor Vehicle Liability Insurance Enforcement Fund within the Department of Transportation.

When the insurer notifies the MVD that the policyholder's insurance policy has been cancelled or non-renewed, the insurer must also notify the policyholder that it (the insurer) has made such notification to the MVD and that the policyholder's registration will be suspended. The MVD must then notify the vehicle owner of its (MVD's) intent to suspend both the license plates and the automobile

registration. The bill provides that upon receipt of proof of financial responsibility the cancellation must be removed from the record, and prescribes a reinstatement fee of fifty dollars for each reinstatement. If the vehicle owner receives two or more notices of cancellation, the MVD must suspend the registration for the remainder of the registration period. (Chapter 371)

H.B. 2102 - INSURANCE CONTRACTS; HEALTH CARE; DISABILITY

H.B. 2102 prohibits hospital service corporations, health care service organizations, and individual and group disability insurers from cancelling or non-renewing an insurance policy or contract based on the insured becoming eligible for or enrolling in the Arizona Health Care Cost Containment System (AHCCCS). The bill also specifies that a person covered under a private insurance contract must continue to pay premiums. (Chapter 312)

H.B. 2116 - JOINT UNDERWRITING

This bill removes from existing law the provisions relating to a joint underwriting plan for licensed and certified nurse-midwives, and extends the repeal date of the joint underwriting association (JUA) statutes. A joint underwriting plan for nurse-midwives was never established, and with recent changes to the general JUA statutes, it is now possible to include nurse-midwives in the general JUA if the need for such coverage occurs in the future. (Chapter 8)

H.B. 2173 - AIDS; TESTING; CONFIDENTIALITY

H.B. 2173, referred to as the "omnibus AIDS bill," incorporated many of the recommendations submitted to Governor Mofford by her Task Force on AIDS. The bill addresses many AIDS-related issues. For purposes of this summary only the insurance issues are addressed.

H.B. 2173 amends existing insurance laws to prohibit insurers from performing HIV-related tests without receiving specific written consent from the applicant. Persons who receive HIV-related information through the processing of insurance-related information may disclose the information only to: (1) the person who was tested or who was diagnosed as being HIV-positive; (2) persons who are authorized in writing by the protected person; (3) government agencies authorized to receive the information; (4) insurers or other licensed entities to which disclosure is ordered by a court or administrative body; (5) the industrial commission; or (6) certain specified persons within an insurance or reinsurance company.

In addition, the bill requires the Director of Insurance to adopt rules to implement allowable testing procedures and other pertinent rules to implement the new provisions of this law. The bill also allows insurers to provide accelerated death benefits for persons with terminal or catastrophic illnesses or who are eligible for long term care. The bill does not require that insurers provide accelerated benefits. (Chapter 52)

H.B. 2181 - UNFAIR CLAIM SETTLEMENT PRACTICES

H.B. 2181 provides that hospital and medical service corporations, benefit insurers, and indemnity insurers may not refuse to pay charges for reasonable and necessary services, regardless of the nomenclature used to describe the condition, for services provided by a licensed physician if the services are within his or her scope of practice. If applied equally to all licensed physicians, deductibles, co-payments, cost containment and quality assurance measures may be used. (Chapter 394)

H.B. 2194 - JOINT COMMITTEE ON HEALTH CARE

H.B. 2194 extends the reporting period for the joint legislative committee on health care, established in 1989, from December 31, 1989 to December 31, 1990. (Chapter 120)

H.B. 2213 - INSURANCE; PROTECTION; ENROLLMENT

H.B. 2213 was proposed by the Department of Insurance to provide additional protection to residents of Arizona who are enrollees of health maintenance organizations (HMOs). The major provisions of this bill include the following:

1. The right to open enrollment for group contract holders in the event of an insolvency of an HMO, an indemnity insurer, or a hospital and medical service corporation.

2. A requirement of two percent of annual premiums, up to $1 million maximum, to be deposited on a quarterly basis with the State Treasurer. These funds will be held in trust for the protection of HMO enrollees.

3. Insurance Department examination expenses must be borne by the HMO being examined.

4. HMOs must have a plan for the risk of insolvency which includes continuing benefits for the duration of the contract period or sixty days from the date of insolvency, whichever is greater; continuing benefits to members confined in an inpatient facility on the date of insolvency until discharge;

and continuation of benefits provided by both affiliated and unaffiliated providers subject to authorization procedures applicable before the declaration of insolvency.

5. Providers are prohibited from charging an HMO enrollee more than the amount the provider contracted to charge the enrollee pursuant to the provider's contract with the HMO.

6. HMOs are prohibited from selling or transferring affiliated Arizona assets of more than ten percent of the insurer's capital or surplus without prior approval by the Department of Insurance. (Chapter 205 E)

H.B. 2216 - INSURANCE; MEDICAL MALPRACTICE RATE REGULATION

H.B. 2216 was proposed by the Department of Insurance and removes language currently in the law which prohibits the Department from finding a medical malpractice insurance rate excessive if competition exists in the marketplace. This bill also allows the Department to contract with independent examiners for the purpose of reviewing rates and reserves and provides that examination expenses will be paid by insurers. (Chapter 52)

H.B. 2293 - INSURANCE; CEASE AND DESIST ORDERS

The Department of Insurance also requested this bill, which enables the Department to provide immediate protection to consumers in the event that an entity is transacting insurance business without a license. The bill gives the Department the authority to issue cease and desist orders against entities transacting unauthorized insurance business. The bill allows all rights of due process for appeal from an order issued under these statutory provisions.

Under present law, the Department can take action against these entities only by filing a complaint in the Superior Court which can sometimes take months to resolve. During this process, the entity may continue to operate without a license, thereby increasing the potential harm to consumers. (Chapter 22)

H.B. 2432 - CONFLICT OF INTEREST; THIRD PARTIES

H.B. 2432 permits the dual licensing of a third party administrator to hold both a third party administrator's license and an agent's license. This dual licensing would be permitted if the third party administrator disclosed in writing his or her relationship to the administrator and the insurer to policyholders and persons insured under the policy. The administrator must also disclose to any insurer he or she

represents as an agent of the identity of any insurer for whom he or she represents as an administrator. (Chapter 192 E)

H.B. 2556 - DELIVERY OF INFANTS; LIABILITY; LIMITATION

H.B. 2556 removes the medical malpractice liability that a physician providing emergency care has to a delivering mother, her newborn(s) and family for any malpractice related to the labor or delivery, unless an injured party can prove with clear and convincing evidence that the physician failed to meet the prevailing standard of care and that such failure caused the injury, pursuant to A.R.S. 12-563. The bill also establishes the same standards of proof and provides the same protection from liability for the facility in which the emergency care was provided. This liability limitation applies only if the delivering mother did not receive previous pregnancy care from the attending physician, or his/her associates or assistants. (Chapter 301)

H.B. 2684 - BAIL BOND AGENTS; PROHIBITED CONDUCT

H.B. 2684 allows the Director of Insurance to license companies as bail bond agents only if each owner or stockholder is a licensed bail bond agent. Currently only individual agents may be licensed. The bill also clarifies that bail bond agents may keep the collateral they receive from a defendant who forfeits his/her collateral by not appearing in court. Finally, the bill prohibits bail bond agents from employing or assisting in the employment of a convicted thief or felon. (Chapter 149)

Insurance-related issues have been a priority to the elected officials of Arizona and to consumers across the state. I would like to acknowledge the support of Governor Mofford and her staff, and the dedication and efforts of the legislators and their staffs, in addressing these issues for the benefit of all Arizona residents.

CIRCULAR LETTER NO. 90-3A

TO: ALL HEALTH CARE SERVICES ORGANIZATIONS; HOSPITAL, MEDICAL, DENTAL, OPTOMETRIC SERVICE CORPORATIONS; DISABILITY INSURERS; AGENTS' ASSOCIATIONS; INSURANCE TRADE ASSOCIATIONS; AND OTHER INTERESTED PERSONS

FROM: SUSAN GALLINGER, DIRECTOR OF INSURANCE

DATE: August 14, 1990

RE: H.B.2213

This legislative session, the Arizona Legislature passed H.B. 2213, which addresses a number of issues relating to solvency of health care services organizations ["HCSOs"], as well as providing for open enrollment for certain HCSO enrollees and insureds under hospital, medical, dental, optometric service corporation ["HMDO"] and group health insurance policies. On May 9, 1990, Governor Mofford signed H.B.2213 into law. The bill contained an emergency clause, and therefore became effective immediately when signed. The purpose of this Circular Letter is to provide information to all insurers subject to the new law.

1. Open Enrollment [HCSOs, HMDOs, and Group Disability Insurers]. A.R.S. §§ 20-842 [applicable to HMDOs], 20-1069.01 [applicable to HCSOs], and 20-1409 [applicable to group health insurers] have been added to Title 20. In the event that one carrier in a multiple carrier group becomes insolvent, all carriers providing coverage to the group are required to provide a thirty day open enrollment period. This open enrollment period is required regardless of the type of entity that has become insolvent--i.e. HCSO, HMDO, or indemnity carrier. Coverage and rates provided at the open enrollment must be identical to that offered by the carrier at the last regular open enrollment, and the newly selected carrier may not impose any waiting periods or exclusions, limitations, or restrictions for pre-existing conditions. The entitlement to continuation of benefits under these sections is contingent upon timely payment of premiums to the newly selected carrier.

2. Deposit Requirement [HCSOs]. A.R.S. §20-1055 was amended to permit the use of an HCSO's statutory deposit for satisfaction of all debts and liabilities of the health plan.

3. Escrow of Statutory Reserve Requirement [HCSOs]. Beginning January 1, 1991, HCSOs shall deposit quarterly with the State Treasurer the two percent of charges required by A.R.S. §20-1056. The form of the deposit shall be cash or other eligible securities, and any interest on the deposit shall be payable to the HCSO. The amount on deposit shall be considered an admitted asset on the balance sheet of the HCSO, and upon liquidation, dissolution or withdrawal of the HCSO, and the satisfaction of all of its debts, any remaining portion shall be refunded to the HCSO.

Existing HCSOs which have already reached the one million dollar reserve limit are required to deposit two percent of premiums collected during each quarter, but in no case will the HCSO be required to maintain a total reserve (including both deposited and non-deposited reserves) in excess of one million dollars.

4. Examination Expenses [HCSOs]. A.R.S. §20-1058 is amended to clarify that all examination and examination-related expenses expenses shall be borne by the HCSO and paid to the Examiners' Revolving Fund.

5. Failure to Provide an Approved Plan for the Risk of Insolvency [HCSOs]. A.R.S. §20-1066 is amended to include, as grounds for rehabilitation, liquidation or conservatorship of an HCSO, the failure to provide an approved plan for the risk of insolvency pursuant to A.R.S. §20-1069.

6. Plan for the Risk of Insolvency [HCSOs]. A.R.S. §20-1069 is amended to clarify that a plan for the risk of insolvency must provide, in the event the HCSO is declared insolvent, for: (1) the continuation of benefits for the duration of the contract period or 60 days, whichever is greater; and (2) continuation of benefits for enrollees confined to an in-patient facility until the date of discharge. Entitlement to the continuation of benefits is contingent upon timely payment of the premium. For purposes of this section, "continuation of benefits" includes benefits provided by both affiliated or unaffiliated providers.

7. Financial Responsibility of Enrollees [HCSOs]. Pursuant to A.R.S. §20-1072, a contracted provider may perform treatment or services for an HCSO enrollee upon the enrollee's assurances that, in the event the HCSO becomes insolvent or otherwise fails to pay the enrollee's medical claims, the enrollee will assume financial responsibility for the services. This section is now amended to state that in no case, however, may the provider charge the enrollee more for the services so provided than the provider was entitled to receive under its contract with the HCSO.

8. Reporting of Contract Termination [HCSOs]. On a monthly basis, HCSOs shall report to the Department the names

and addresses of all providers whose written contracts have been terminated during the previous month.

9. Transactions with Affiliates [HCSOs]. HCSOs must obtain the prior approval of the Director before selling or otherwise transferring to an affiliate assets in excess of ten percent of the HCSO's unimpaired capital and surplus as reported on its most recent annual statement filed with the Department. The Director has 45 days in which to approve such transactions, and if not approved or denied within that time frame, the transaction shall be deemed approved by law.

10. Repeal of Surety Bond Provision [HCSOs]. Subsection B of Laws 1986, Chapter 121, Section 6, is repealed. That subsection would have permitted all or part of unimpaired capital and surplus to be satisfied by a surety bond which would guarantee services under the health plan until June 30, 1992.

This Circular Letter is intended to summarize the provisions of H.B.2213 to assist all insurers affected thereby in compliance with its provisions. A copy of H.B.2213 is available through the Office of the Secretary of State, 1700 West Washington, Phoenix, Arizona 85007. All insurers subject to its provisions are encouraged to obtain a copy and become thoroughly familiar with it.

RE: AIDS/HIV TESTING AND CONSENT FORM

H.B. 2173, which becomes effective on September 27, 1990, mandates that the Department of Insurance draft rules to implement allowable tests and testing procedures, written consent to perform a human immunodeficiency virus ["HIV"] related test, procedures for confidentiality and disclosure of medical information, procedures for gathering underwriting information, and other rules that are reasonable and necessary to implement A.R.S. §20-448.01. The Department is presently drafting these rules. The rules will consist primarily of the Department's current "AIDS Guidelines", which are now in effect, but will include some additional modifications as may be required by the new law.

Because the rule-making procedure is quite lengthy, and we do not anticipate adoption of the rules prior to the September 27, 1990 effective date of H.B.2173, the Department of Insurance has prepared a model consent form for HIV testing, as required by A.R.S. §20-448.01(B). Until adoption of the rules, insurers may choose to use the model consent form or may submit the forms they currently use to this Department for approval.

Attached is a copy of the model consent form. All concerned persons are invited to submit written comments regarding the model form to this Department. Such comments should be addressed to: Sandra Lewis, Executive Assistant, Arizona Department of Insurance, 3030 North Third Street, Suite 1100, Phoenix, Arizona 85012.

Sincerely,

Susan Gallinger

NOTICE AND CONSENT FORM FOR AIDS VIRUS (HIV)
ANTIBODY/ANTIGEN TESTING

INSURER NAME AND ADDRESS:

To evaluate your eligibility for insurance coverage, it is requested that you consent to be tested to determine the presence of antibodies or antigens to the Human Immunodeficiency Virus (HIV). By signing and dating this form, you agree that these tests may be performed and that underwriting decisions (for example, the decision to accept or reject your application) will be based on the test results. You may have ten (10) days to decide whether you wish to sign this form. You may refuse to be tested. However, such refusal may be used by the insurer as a reason to deny coverage. Please see below for additional counseling information.

INFORMATION ON HIV

HIV, the virus that causes AIDS, is transmitted from one person to another through blood, semen, and vaginal fluids. The disease is spread primarily during anal, vaginal, or oral intercourse, the sharing of needles and syringes used for shooting drugs, or from a mother to her unborn child. HIV is not spread through casual contact, such as eating with or touching a person infected with the virus. There is no medical evidence that HIV is spread by kissing.

Persons most at risk of contracting HIV are men who have sex with other men; intravenous ("IV") drug users; prostitutes (male or female); persons who have had many sexual partners since 1977; persons who received transfusions of blood or blood products prior to March, 1985; the sexual partners of persons in any of these groups; and infants born to infected mothers.

PRE-TEST COUNSELING CONSIDERATIONS

Many public health organizations have recommended that before taking an HIV antibody/antigen test a person seek counseling to become fully informed about the implications of such tests. You may wish to consider obtaining such counseling at your own expense prior to being tested. Free confidential counseling is available in most Arizona communities. If you need information about the availability of counseling in your area contact your county health department or:

Phoenix metropolitan area: 234-2752
(Arizona AIDS Information Line)

Outside the Phoenix area: 1-800-334-1540
(Arizona Department of Health Services)

DISCLOSURE OF TEST RESULTS:

All test results will be treated confidentially. The results of the tests will be reported to the insurer identified on this form. Results of the tests will not be otherwise disclosed without your written consent except as required or allowed by law. Disclosure of HIV test results pertaining to your application for insurance is governed by A.R.S. §20-448.01.

MEANING OF POSITIVE TEST RESULTS:

The most commonly used test for HIV is designed to detect the presence of antibodies to the virus. Antibodies are made by the body's immune system to fight infection. While positive HIV antibody test results do not mean that you have AIDS, they do indicate that you have been infected with HIV, the virus that causes AIDS. About 50% of infected individuals have developed AIDS within 10 years after being infected with the virus.

Positive HIV antibody/antigen test results will adversely affect your application for insurance. This means that your application will probably be declined.

CONSENT:

I have read and I understand this Notice and Consent Form. I voluntarily consent to testing and disclosure as described above. I understand that I have a right to request and receive a copy of this form. A photocopy of this form will be as valid as the original.

RE: ARIZONA HOUSE BILL 2181 (Chapter 394)

On September 27, 1990, House Bill 2181 (copy attached) will become effective. A number of questions regarding interpretation of this bill have been raised by the insurance industry, health care professionals, and consumers. The following guidelines are designed to address the issues most often raised by those parties:

1. Under H.B. 2181 insurance coverage must relate to the claimant's "condition" and practitioner reimbursement must also relate to reasonable and necessary services to treat the condition rather than provide coverage for the procedures.

2. Any preferred provider arrangement (PPO's) subject to the provisions of H.B. 2181 must be structured so as not to discriminate against any type of practitioner addressed by the bill. A non-discriminatory limit to the number of participating practitioners is permitted.

3. Similarly, all deductibles, coinsurance, cost containment measures and quality assurance measures must be structured so as not to discriminate against any type of practitioner addressed by the bill. A non-discriminatory limit to the number of participating practitioners is permitted.

4. H.B. 2181 does not require expansion of coverage to include conditions not previously covered under the policy.

5. H.B. 2181 applies to existing health insurance policies already in force - not just new policies.[1]

6. H.B. 2181 applies to all subscriber contracts underwritten by Hospital Services Corporations.

7. H.B. 2181 does not apply to group health insurance policies underwritten by insurers.[2]

8. H.B. 2181 does not apply to health care service organizations.

FOOTNOTES:

[1]Except to the extent that expansion of benefits and/or benefit reimbursement would be required, in which case such expansion will be required only upon renewal.

[2]Pursuant to requests from various parties, the Arizona Attorney General's office is currently reviewing this issue. The Department encourages anyone interested to submit comments on the applicability of this bill to group policies to the Department of Insurance, 3030 North 3rd Street, Suite 1100, Phoenix, Arizona 85012, no later than November 15, 1990.

RE: FIRE INSURANCE PREMIUM TAXES - SENATE BILL 1328

On September 27, 1990, Senate Bill 1328 became effective. The bill reduces the amount of premium tax that insurers are required to pay for fire insurance written on property in incorporated cities that do not have their own fire departments and must contract with private fire companies. This Circular Letter is intended to provide general information to insurers regarding the requirements of S.B. 1328.

Senate Bill 1328 Provisions

S.B. 1328 amends A.R.S. §20-224 to require insurers to "...separately indicate the total direct premium received from fire insurance premiums on property located in an incorporated city or town that procures the service of a private fire company", hereinafter referred to as the "subject area". Currently, insurers pay 2.2 percent premium tax on fire insurance premiums, regardless of the municipality in which the risk was written.

A.R.S. §20-224 as amended requires insurers to pay only .66 percent premium tax for fire insurance written on property in cities and/or towns that contract with a private fire company. In addition, insurers are required to "reflect the cost savings attributable to the lower tax in fire insurance premiums" charged in the subject area.

The following guidelines are provided to assist insurers subject to S.B. 1328. Please note that all references to premiums, taxes, and/or premium reductions apply **ONLY TO FIRE INSURANCE PREMIUMS FOR PROPERTY LOCATED IN AN INCORPORATED CITY OR TOWN USING A PRIVATE FIRE COMPANY.**

Please see the attached list of incorporated cities and/or towns currently using private fire companies.

GUIDELINES FOR S.B. 1328

1. Insurers shall pay a tax rate of .66% on fire insurance premiums* collected on and after September 27, 1990.
   Some insurers have asked whether the new tax rate (.66%) applies only to premiums* on fire policies written on and after September 27, 1990 or whether the new tax rate (.66%) applies to all premiums* collected on or after September 27, 1990 regardless of when the policy was written. The new tax rate (.66%) applies to all fire insurance premiums* collected on and/or after September 27, 1990 **regardless of when the policy was issued.** Thus, insurers should maintain records clearly indicating the amount of fire insurance premium* collected on and/or after September 27, 1990 so that the Insurance Department, during rate examinations, can ascertain that the new tax rate is being applied to the appropriate amount of premium*.

2. Insurers must reduce fire insurance premiums* by at least 1.5%. The reduction applies to all fire insurance premiums* collected on and/or after September 27, 1990.
   The effective date of S.B. 1328 is September 27, 1990. Insurers will have until December 30, 1990 to provide their insureds with premium* reductions of at least 1.5%. Insurers which do not reduce the fire insurance premiums* by at least 1.5% must maintain auditable records justifying the non-reduction. During rate examinations, the Insurance Department will verify whether an insurer's increased costs in other areas justify any non-reduction under this section.

*Applies only to fire insurance premiums (and/or policies) on property located in an incorporated city or town using a private fire company.

3. Retroactive premium* reductions are allowed.
To allow insurers enough time to provide their policyholders with the above described premium* reductions, retroactive premium* reductions will be allowed. However, insurers must, by December 30, 1990, make all necessary premium* reduction adjustments. Again, such premium* adjustments must be retroactive to September 27, 1990 and apply to all fire insurance policies* regardless of when the policy* was issued.

4. Insurers must file all premium* reductions with the Department of Insurance on or before January 30, 1991.
As noted above, insurers must reduce fire insurance premiums* by December 30, 1990 (retroactive to September 27, 1990). In order to comply with Arizona's requirement that all rate information be filed within 30 days after use, insurers must FILE their premium reductions with the Department of Insurance on or before January 30, 1991.

*Applies only to fire insurance premiums (and/or policies) on property located in an incorporated city or town using a private fire company.

RE: Fire Insurance Premium Taxes - S.B. 1328

On October 10, 1990, the Director issued Circular Letter 90-11 relating to fire insurance premium taxes and the requirements of Senate Bill 1328. The purpose of this Supplemental Circular Letter is to address a number of issues regarding Senate Bill 1328 that were not previously addressed in detail. The time periods and filing requirements set forth in this Supplemental Circular Letter supersede those contained in Circular Letter 90-11.

Senate Bill 1328 amends A.R.S. §20-224 to require insurers to "...separately indicate the total direct premium received from fire insurance premiums on property located in an incorporated city or town that procures the services of a private fire company." "Property" refers to real or personal property, and does not include land vehicles or aircraft or ocean and inland marine. For purposes of this Supplemental Circular Letter, "property located in an incorporated city or town that procures the services of a private fire company" shall be referred to as the "qualifying property"

Upon review, it was determined by the Department that Marana has not procured the services of a private fire company, and therefore property located in Marana is not "qualifying property". Please delete Marana from the list in Circular Letter 90-11. We also believe there may be other cities or towns on the list that may not have contracts with a private fire company. We suggest that insurers contact these cities and towns and/or private fire companies to determine whether property located in these cities and towns is "qualifying property".

A.R.S. §20-224 as amended requires insurers to pay .66 percent premium tax on fire insurance premiums on qualifying property, and requires insurers to reflect the cost savings attributable to the lower tax in fire insurance premiums charged on qualifying property.

Circular Letter 90-11 advised that insurers shall provide premium reductions of 1.5% on qualifying property, or if premiums are not reduced, insurers shall maintain auditable records justifying the non-reduction. One method of satisfying this requirement would be for the insurer to calculate the approximate amount of the tax savings that will result from the lower premium tax for the period of September 27, 1990 through December 30, 1990. The insurer can also calculate the expenses, if any, it will incur in identifying the qualifying property and in refunding the tax savings. If the expenses will exceed the tax savings, and if this is documented in detail, then the insurer will have satisfied this requirement. If the tax savings exceed the costs, then the insurer shall refund the tax savings on the premiums collected on the qualifying property.

In addition, Circular Letter 90-11 states that insurers are required to file their premium reductions with the Department. A number of alternatives are available to insurers to satisfy this requirement:

1. An insurer may file a new rate and supporting documentation that is applicable only to the qualifying property, reflecting the cost savings attributable to the lower tax.

2. An insurer may file a rating rule with supporting documentation describing the percentage decrease in premium to be uniformly applied on premiums charged on qualifying property.

3. An insurer may determine that although premium tax expenses have decreased, other expenses have increased. Therefore, the insurer does not intend to make a rate filing for lower premium nor does it intend to file a rating rule to decrease the premium on qualifying property. In such cases, the insurer shall maintain records "reflecting" the lower tax, as well as the other factors that go into calculating the rate, and if these factors taken together justify a non-reduction.

In addition to maintaining the records described above, insurers shall complete and return the attached form to the Department on or before March 4, 1991. Also, this same form shall be completed and submitted each time an insurer makes a rate or rule filing affecting property.

INSURER RESPONSE TO S.B. 1328

S.B. 1328, effective September 27, 1990, (A.R.S. § 20-224) reduces the tax on fire insurance premiums in Arizona from 2.2% to .66% on property located in an incorporated city or town that procures the services of a private fire company and requires that each insurer shall reflect the cost savings attributable to the lower tax in fire insurance premiums charged on property located in these same cities or towns.

Does this rate affect any fire (excluding vehicle and inland marine) lines (fire, farmowners, homeowners or commercial multi-peril)?

_____

If so, which lines (i.e., farmowners, etc.)? _____

How many renewal policies having the above lines of coverage had property risks located in an incorporated city or town that procures the services of a private company? _____#

A. What was the dollar amount of Arizona taxes paid at 2.2.% on the above policies: $_____

B. At a new Arizona tax rate of .66%, what will be the amount paid: $_____

C. What is the $ savings: $_____

D. What increased expense costs has the insurer incurred for this line for the same period: $_____

E. Net Savings attributable to A.R.S. § 20-224(C): $_____

A - B = C - D = E

If there are no savings so indicate below and give an explanation as to why there are no savings:

Note: Return this form to the attention of Ken Wixon, Property & Casualty Supervisor, by March 4, 1991. This form will also be required at any time in the future the insurer makes a rate filing.

RE: "MOVING" AUTO INSURANCE POLICYHOLDERS TO NEW COMPANIES

Recently, the Department of Insurance has received information indicating that some insurers are encouraging their agents to engage in conduct that may violate Arizona law. Since the Insurance Department assumes that such insurers would not knowingly engage in such conduct, the following summary of Arizona's noncancellation/nonrenewal, the Unfair Claims Settlement Practices Act and the Unfair Practices and Frauds Act is provided.

A.R.S. §20-1631(B) prohibits insurers from cancelling or nonrenewing personal auto insurance policies* which have been in effect for more than 60 days except for a very limited number of reasons specified in the statute. As noted above, some insurers have encouraged their agents to "move" auto insurance policyholders to other insurers because the (original) insurer wishes to stop underwriting auto insurance and/or to withdraw from the auto insurance market in Arizona. In some cases, the insurer has told the agent that his/her commissions will be reduced below the current level on any auto policy not "moved" to a new insurer. In other cases insurers have offered to pay agents to "move" auto policyholders to new insurers.

If the agent in the above referenced circumstances has not explained to the insured that 1) the insured may be cancelled for any (or no) reason by the "new" insurer for a period of 60 days AND 2) the policyholder is being asked to "move" to a new company because of the agent's commission or other compensation, the agent (and thus the insurer as principal of the agent) will

*All references to auto insurance in this Circular mean personal lines auto insurance only.

have omitted to state material facts. Such omissions are prohibited by the provisions of A.R.S. §§20-443(1) and 20-443(5) which proscribe misrepresentation of "the terms of any policy issued or to be issued or the benefits or advantages promised" and any "misrepresentation to any policyholder for the purpose of inducing or tending to induce such policyholder to ... surrender ... or convert any insurance policy". In addition, the Unfair Claims Settlement Practices Act (A.R.S. §20-461) specifically prohibits such conduct.

The above described conduct is also addressed by the Unfair Practices and Frauds Act (A.R.S. §§20-441 et seq.). A.R.S. §20-442 prohibits any person from engaging in any unfair method of competition or unfair or deceptive act or practice in the business of insurance. By enacting the Unfair Practices and Frauds Act, Arizona has assumed the authority which existed under the Federal Trade Commission Act (FTCA) to prohibit unfair or deceptive acts or practices by insurers. A.R.S. §20-442 was adopted from Section 5 of the FTCA and is intended to protect consumers from unfair practices by establishing a standard of fairness. An insurer's inducing its agents to have insureds purchase new auto insurance policies when such purchases may not be in the insured's best interest constitutes an unfair and deceptive practice under A.R.S. §20-442.

The Insurance Department will vigorously enforce the above referenced statutes in order to protect consumers from any and all unfair practices and other violations. Questions about Arizona's noncancellation/nonrenewal law, the Unfair Claims Practices Act or Unfair Practices and Frauds Act, and/or whether its nonrenewal activities constitute violations should be addressed to Assistant Director, Deloris Williamson, 3030 N. 3rd Street, Suite 1100, Phoenix, Arizona 85012.

TO: Medicare Supplement Insurers

FROM: Susan Gallinger
Director of Insurance

DATE: November 26, 1990

RE: Amendments to A.A.C. R4-14-606--Medicare Supplement Insurance Disclosure and Minimum Standards

On November 19, 1990, A.A.C. R4-14-606 as amended was certified by the Arizona Attorney General and became effective. Amendments to this rule were necessitated by the repeal of the Medicare Catastrophic Coverage Act of 1988.

Pursuant to the Catastrophic Repeal Act, on December 7, 1989, the National Association of Insurance Commissioners ("NAIC") adopted the Model Regulation to Implement the NAIC Medicare Supplement Insurance Standards Model Act ("NAIC Revised Model Regulation"). From the date that the NAIC adopted the Revised Model Regulation, states have one year to adopt standards at least as stringent as those in the NAIC Revised Model Regulation in order to comply with the voluntary certification program in the Baucus Amendment (42 U.S.C. 1395ss). If states do not adopt standards at least as stringent as those set forth in the NAIC Revised Model Regulation, state regulation of Medicare supplement insurance will be preempted by the Medicare Catastrophic Act, which provides that the NAIC model rule will become operative in any state which does not act in a timely manner.

A.A.C. R4-14-606 as amended, including the new sections relating to compensation arrangements and standards for marketing Medicare supplement insurance, provide standards at least as stringent as those set forth in the NAIC Revised Model Regulation.

Photocopying and mailing costs prohibit us from mailing copies of R4-14-606 as amended to all insurers. Copies may be obtained by writing to:

Arizona Department of Insurance
Attention: Hearing Division
3030 N. 3rd Street, Suite 1100
Phoenix, Arizona 85012

A fee of $5.00 per copy is payable in advance.

The rule as amended will appear in the next publication of the Arizona Administrative Code, which is available through the Office of the Secretary of State.

RE: Salvage Certificate of Title Requirements

As set forth in the Directive from the Motor Vehicle Division, on January 1, 1991, amendments to Title 28, Arizona Revised Statutes relating to salvage vehicles will become effective. The purpose of this Circular Letter is to remind insurers that in addition to complying with the new salvage title requirements, insurers shall continue to comply with the Unfair Claim Settlement Practices Act and A.A.C. R4-14-801. Compliance with these provisions will be monitored through market conduct examinations.

RE: Senate Bill 1250 (Seat Belts)

As you know, Senate Bill 1250 was enacted this year and became effective on September 27, 1990. A.R.S. §28-909 has an effective date of January 1, 1991. A.R.S. §20-343, the statute that requires a reduction in premiums, has an effective date of January 1, 1992.

In accordance with the above provisions, the attached form must be used by all insurers authorized to transact property and casualty business commencing on January 1, 1991. The data referenced in the form must be submitted to the Department of Insurance within sixty (60) days after the end of each quarter. The data will be used by the Department of Insurance in accordance with the above referenced statutes in determining premium reduction requirements.

Thank you for your attention to this matter.

CHAPTER 240
SENATE BILL 1250

AN ACT

RELATING TO TRANSPORTATION; PRESCRIBING REDUCTION IN AUTOMOBILE LIABILITY OR MOTOR VEHICLE LIABILITY PREMIUMS FOR MANDATORY SEAT BELT USE AFTER A CERTAIN DATE; PROVIDING FOR EMPLOYMENT OF ACTUARIAL CONSULTANTS; PRESCRIBING THE USE OF LAP AND SHOULDER BELTS OR LAP BELTS FOR FRONT SEAT OCCUPANTS OF CERTAIN VEHICLES; PROSCRIBING PEACE OFFICER FROM STOPPING MOTOR VEHICLE OR ISSUING CITATION IN CERTAIN INSTANCES; PRESCRIBING AN EXCEPTION; PROHIBITING DEPARTMENTS OR AGENCIES FROM CONSIDERING CERTAIN VIOLATION FOR SUSPENDING OR REVOKING DRIVER'S LICENSES; PROSCRIBING CERTAIN ACTS BY INSURERS; PRESCRIBING CERTAIN EXCEPTIONS FOR CERTAIN PERSONS; PRESCRIBING CIVIL PENALTY; PRESCRIBING CERTAIN LIMITATION; PRESCRIBING USE OF CERTAIN FUNDS TO PROMOTE PUBLIC INFORMATION AND EDUCATION RELATING TO SEAT BELT USE; AMENDING TITLE 20, CHAPTER 2, ARTICLE 4, ARIZONA REVISED STATUTES, BY ADDING SECTION 20-343; AMENDING TITLE 28, CHAPTER 6, ARTICLE 15, ARIZONA REVISED STATUTES, BY ADDING SECTION 28-909, AND PROVIDING FOR THE DELAYED REPEAL OF SECTION 28-909, ARIZONA REVISED STATUTES.

Be it enacted by the Legislature of the State of Arizona:

Section 1. Intent

It is the intent of the legislature that this act be repealed on January 1, 1993 unless it can be determined that the act has resulted in a statistically significant reduction in fatalities and in the seriousness of injuries caused by motor vehicle accidents on the highways of this state.

Sec. 2. Title 20, chapter 2, article 4, Arizona Revised Statutes, is amended by adding section 20-343, to read:

20-343. Reduction in automobile liability insurance premiums for mandatory seat belt use

BEGINNING ONE YEAR AFTER THE EFFECTIVE DATE OF SECTION 28-909, THE DIRECTOR SHALL REQUIRE THAT INSURANCE COMPANIES TRANSACTING BUSINESS IN THIS STATE REFLECT A REDUCTION IN ANNUAL LOSSES THEY INCUR AS A RESULT OF

THE ENACTMENT OF SECTION 28-909 IN THE AUTOMOBILE LIABILITY OR MOTOR VEHICLE LIABILITY INSURANCE PREMIUMS THAT THEY CHARGE IN THIS STATE. TO ENFORCE THIS REQUIREMENT, THE DIRECTOR MAY EMPLOY OR CONTRACT WITH ACTUARIAL CONSULTANTS NECESSARY TO MAKE THE DETERMINATION AUTHORIZED BY SECTIONS 20-148 AND 20-159.

Sec. 3. Title 28, chapter 6, article 15, Arizona Revised Statutes, is amended by adding section 28-909, to read:

28-909. Lap and shoulder belt or lap belt required; exceptions; civil penalty

A. EACH FRONT SEAT OCCUPANT OF A MOTOR VEHICLE WHICH IS DESIGNED FOR CARRYING TEN OR FEWER PASSENGERS, WHICH IS MANUFACTURED FOR THE MODEL YEAR 1972 AND THEREAFTER AND WHICH IS REQUIRED TO BE EQUIPPED WITH AN INTEGRATED LAP AND SHOULDER BELT OR A LAP BELT, PURSUANT TO THE FEDERAL MOTOR VEHICLE SAFETY STANDARDS PRESCRIBED IN 49 CODE OF FEDERAL REGULATIONS SECTION 571.208, SHALL HAVE THE LAP AND SHOULDER BELT PROPERLY ADJUSTED AND FASTENED WHILE THE VEHICLE IS IN MOTION, OR IF ONLY A LAP BELT IS INSTALLED WHERE THE OCCUPANT IS SITTING, HAVE THE LAP BELT PROPERLY ADJUSTED AND FASTENED WHILE THE VEHICLE IS IN MOTION.

B. THE OPERATOR OF A MOTOR VEHICLE SUBJECT TO THE REQUIREMENTS OF THIS SECTION SHALL REQUIRE EACH FRONT SEAT PASSENGER UNDER THE AGE OF SIXTEEN YEARS TO COMPLY WITH THIS SECTION.

C. A PEACE OFFICER SHALL NOT STOP OR ISSUE A CITATION TO A PERSON OPERATING A MOTOR VEHICLE ON A HIGHWAY IN THIS STATE FOR A VIOLATION OF THIS SECTION UNLESS THE PEACE OFFICER HAS REASONABLE CAUSE TO BELIEVE THERE IS ANOTHER ALLEGED VIOLATION OF A MOTOR VEHICLE LAW OF THIS STATE.

D. IF A PERSON IS FOUND RESPONSIBLE FOR A CIVIL TRAFFIC VIOLATION UNDER THIS SECTION NO DEPARTMENT OR AGENCY OF THIS STATE MAY CONSIDER THE VIOLATION FOR THE PURPOSE OF DETERMINING WHETHER THE PERSON'S DRIVER'S LICENSE SHOULD BE SUSPENDED OR REVOKED. A COURT SHALL NOT TRANSMIT ABSTRACTS OF RECORDS OF VIOLATIONS OF THIS SECTION TO THE MOTOR VEHICLE DIVISION.

E. AN INSURER SHALL NOT CONSIDER A CIVIL TRAFFIC VIOLATION UNDER THIS SECTION AS A TRAFFIC VIOLATION AGAINST THE PERSON FOR THE PURPOSES OF ESTABLISHING RATES FOR MOTOR VEHICLE LIABILITY INSURANCE OR DETERMINING THE INSURABILITY OF THE PERSON. AN INSURER SHALL NOT CANCEL OR REFUSE TO RENEW ANY POLICY OF INSURANCE FOR SUCH A VIOLATION.

F. THIS SECTION DOES NOT APPLY TO:

1. A CHILD SUBJECT TO THE REQUIREMENTS OF SECTION 28-907.

2. A PERSON POSSESSING A WRITTEN STATEMENT FROM A PHYSICIAN THAT HE IS UNABLE FOR MEDICAL OR PSYCHOLOGICAL REASONS TO WEAR A LAP AND SHOULDER BELT OR A LAP BELT.

3. A LETTER CARRIER OF THE UNITED STATES POSTAL SERVICE WHILE HE IS PERFORMING HIS DUTIES.

G. IF A PERSON IS FOUND RESPONSIBLE FOR A CIVIL TRAFFIC VIOLATION UNDER THIS SECTION THE PERSON IS SUBJECT TO A MAXIMUM CIVIL PENALTY OF TEN DOLLARS FOR THE FIRST VIOLATION AND TWENTY-FIVE DOLLARS FOR EACH SUBSEQUENT VIOLATION.

H. THE DRIVER OF A MOTOR VEHICLE FOUND RESPONSIBLE FOR A CIVIL TRAFFIC VIOLATION UNDER THIS SECTION RELATING TO PASSENGERS UNDER THE AGE OF SIXTEEN YEARS IS SUBJECT TO A MAXIMUM CIVIL SANCTION OF TEN DOLLARS FOR THE FIRST VIOLATION AND TWENTY-FIVE DOLLARS FOR EACH SUBSEQUENT VIOLATION.

Sec. 4. Education; use of certain monies

The governor's office of highway safety shall use the annual apportionment of federal safety belt encouragement funds pursuant to 23 United States Code section 402 to promote public information and education activities relating to seat belt use.

Sec. 5. Delayed effective date

Section 28-909, Arizona Revised Statutes, as added by this act, is effective from and after December 31, 1990.

Sec. 6. Delayed repeal

Section 28-909, Arizona Revised Statutes, as added by this act, is repealed from and after December 31, 1992.

RE: Senate Bill 1250 (Seat Belts) and Previous Department of Insurance Circular Letter No. 90-16 - Revised Reporting Schedule

In response to many requests to simplify the special Arizona Seat Belt Schedule provided in Arizona Department of Insurance Circular Letter No. 90-16 dated December 17, 1990, the attached revised schedules have been adopted.

The revised schedules were developed to incorporate the suggestions of many reporting insurers and to provide a uniform reporting methodology which maintains data quality while providing a collection format which is compatible with the largest possible number of insurer information systems.

The revised schedules replace the Special Arizona Seat Belt Schedule provided in Circular Letter No. 90-16. Reporting under the new revised forms is mandatory with the following exceptions:

1. Quarterly reports already submitted using the old schedule will be accepted in lieu of the new form for the same calendar quarter.

2. An insurer may request to continue reporting under the old form if it demonstrates that use of the new forms result in an unreasonable hardship.

PLEASE READ THE INSTRUCTIONS CAREFULLY TO DETERMINE THE REQUIRED REPORTING DATES ON THE REVISED FORMS.

There are four revised schedules. Two are historical in nature and need to be completed only one time, separately for private passenger and commercial business. The other two, also for private passenger and commercial business, need to be completed on a quarterly basis until further notice.

Finally, I would like to request that those insurers with the capability to provide the information requested in the old Special Arizona Seat Belt Schedule and who can do so without incurring undue cost continue to provide such information to the Department on a voluntary basis in addition to the information required in the revised Special Arizona Motor Vehicle Insurance Schedules. Such information will be helpful in evaluating the effects of Senate Bill 1250.

RE: 1991 ARIZONA INSURANCE LEGISLATION

The 1991 Arizona Fortieth Legislature, First Regular Session, has recently concluded. Health insurance affordability and availability for the medically uninsurable, military personnel, and long term care insurance for senior citizens were issues addressed by legislation enacted this session. Automobile insurance rates and mandatory automobile insurance were also topics of concern and debate throughout the session. The most significant insurance-related legislation, House Bill 2369, provides a comprehensive revision of Arizona's insurance laws relating to insurer solvency.

In accordance with the Insurance Department (DOI) practice in the past, the following is a brief summary of the major components of the newly-enacted insurance legislation. The summary is not intended to be either an exhaustive listing or detailed legal analysis of the insurance bills that became law. Rather, the intent is to describe the main areas where substantive changes in insurance statutory requirements have taken place. This synopsis should not be considered a legal opinion or otherwise binding interpretation of the legislation. I encourage all interested persons to obtain copies of the signed bills by contacting the Arizona Secretary of State's Office at (602) 542-4285.

The principal insurance legislation is as follows (reference is to the House or Senate bill number as enacted; please note that an "E" after the chapter number indicates that the bill was enacted with an emergency clause):

S.B. 1317 - OMNIBUS BUDGET RECONCILIATION ACT

In addition to numerous other provisions, this omnibus budget reconciliation bill requires DOI to assess a surcharge of fifteen percent on all current license fees, including

certificate of authority fees. The purpose of this assessment is to continue automation of the DOI. The law became effective on June 21, 1991, and is repealed on December 31, 1992. (Chapter 265 E)

S.B. 1329 - MVD RECORDS; INSURANCE AGENT LIMITATIONS

S.B. 1329 authorizes the Motor Vehicle Division (MVD) to release MVD records and information to authorized agents of a licensed liability insurer. The agent must be able to provide MVD with two out of three data requirements: the name of the owner of the vehicle; the vehicle identification number of the vehicle; or the vehicle license plate number assigned to the vehicle. The agent is also required to promptly deliver information obtained from MVD to the insurance company which requested the information. The bill specifies that an agent is guilty of a Class 1 misdemeanor if he or she (1) retains or transfers information acquired from MVD for his or her own use or use by a person other than the insurer who requested the information; (2) uses false representations to obtain MVD records; or (3) sells or distributes information acquired from MVD to a person or organization for purposes other than those specified in the original request. Finally, S.B. 1329 stipulates MVD shall not release any information in a person's driving record related to a traffic violation which occurred forty months or more prior to the request for the information by an insurer, an authorized agent or an insurance agent. (Chapter 142)

H.B. 2027 - HEALTH INSURANCE POLICIES

As enacted, H.B. 2027 combined health insurance-related legislation from four bills heard throughout the legislative session. It contains four major sections:

1. Certain restrictions are placed on insurers, hospital and medical service corporations and health care service organizations issuing conversion policies to individuals and/or dependents who leave group or individual policies. Cancellation or nonrenewal of conversion policies except for nonpayment of premium, fraud or misrepresentation are prohibited. The modification of an existing conversion policy is limited and may not result in the elimination of any original benefit.

2. An omission from H.B. 2181 as enacted in 1990 is corrected. As enacted, H.B. 2181 prohibited insurers from unfairly discriminating against chiropractors and osteopaths in claims payments and was intended to apply to both group and individual policies, as well as hospital and medical service corporation policies. Due to a drafting error, H.B. 2181 excluded group policies. Under the terms of H.B. 2027, unfair discrimination against the health care providers

mentioned earlier in this section is now prohibited in group as well as individual policies.

3. Eligibility requirements for Health Care Group (HCG), the division of AHCCCS which provides insurance to small groups, are modified. The bill increases from twenty-five (25) to forty (40) the number of employees an employer may have to qualify for HCG coverage; allows groups which have been without health insurance for ninety (90) days, instead of six (6) months, to be eligible for HCG coverage; and provides that groups which increase beyond the forty (40) person limit will not lose eligibility.

4. Indemnity insurers, hospital and medical service corporations, and health maintenance organizations may issue "small group" health insurance to employer groups of twenty-five (25) or fewer. These "small group" policies must include specific basic benefits, including obstetrical and well-child care, but are not required to provide certain other benefits currently mandated by law. (Chapter 299)

H.B. 2049 - JOINT HEALTH INSURANCE PLANNING COMMITTEE

H.B. 2049 establishes a fifteen (15) member committee charged with examining and making recommendations regarding a "plan of operation" to provide health insurance to the medically uninsurable. Committee membership includes members of the legislature, representatives of the health insurance and health care industries, employers and the public, and the directors of AHCCCS and DOI. The committee is required to report to the legislature and the Governor by December 31, 1991. The report must include the results of the committee's examination of a number of issues, including the creation of a risk pool for the uninsurable; funding mechanisms for any recommendation requiring funding; and the feasibility of adopting the National Association of Insurance Commissioners' model law relating to risk pools. (Chapter 258)

H.B. 2089 - INSURANCE; MILITARY COVERAGE

H.B. 2089 requires the Director of DOI to adopt emergency rules regarding health and disability insurance to permit persons ordered to active military service after August 21, 1990 to reinstate their insurance coverage upon release from military duty subject to prescribed conditions. The rules must address eligibility, dependent coverage, preexisting conditions, probationary periods, and any other relative conditions. This bill was enacted with an emergency clause and became effective February 25, 1991. (Chapter 1 E)

H.B. 2157 - MANDATORY AUTOMOBILE INSURANCE

H.B. 2157 requires the Director of Insurance to impose civil penalties of up to $250 per day if, after a hearing and certification by the Motor Vehicle Division (MVD) of the Department of Transportation, the Director finds an insurer has violated the mandatory reporting requirements of A.R.S. §28-1262. The bill also makes numerous revisions to the mandatory automobile insurance laws. For example, the bill allows the MVD to verify proof of financial responsibility of the owner of an automobile involved in an accident, and to suspend the licenses, plates and registration of persons found in violation of the financial responsibility laws. The bill further requires the Director of the Department of Transportation to specify the size and format of automobile insurance identification cards. Finally, H.B. 2157 delays the mandatory reporting requirements for automobile insurers to January 1, 1992. After this date, insurers will be required to submit to the Motor Vehicles Department by magnetic tape, information regarding the issuance, cancellation, and nonrenewal of policies. (Chapter 286 E)

H.B. 2361 - HEALTH CARE PROVIDERS; INSURANCE

H.B. 2361 requires insurers which allow for assignment of benefits to pay the providers of care directly when benefits are assigned by the insured. Currently, health insurers are permitted to pay benefits to either the health care provider or the insured, even if the insured has assigned his or her benefits to the provider. (Chapter 96)

H.B. 2364 - LONG TERM CARE INSURANCE

H.B. 2364 was proposed by DOI to provide greater protections for long term care policyholders and applicants. The bill amends existing law to provide that long term care insurance does not include policies or riders which primarily provide basic major medical expense, hospitalization or Medicare supplement coverage. Notwithstanding the above, however, any policy advertised, marketed, or offered as long term care insurance must comply with all provisions in the law regarding long term care insurance. The bill also expands DOI's rule-making authority for long term care insurance to include marketing practices, agent testing, penalties and reporting practices for long term care insurers. DOI may impose specified penalties on insurers and agents found to have violated statutes and rules relating to long term care insurance. These penalties are in addition to other penalties provided elsewhere in insurance laws. The bill requires life insurers offering long term care benefits within life insurance policies to provide a policy summary at the time the policy is delivered. It amends existing law to provide that a preexisting condition is a condition for which medical advice or treatment was recommended

by or received from a provider of health care services within six (6) months preceding the effective date of coverage. Finally, the bill extends the time period within which individual long term care insurance policyholders may return their policies and have their premium refunded from ten (10) to thirty (30) days. (Chapter 96)

H.B. 2365 - INSURANCE; PREMIUM FINANCE COMPANIES

H.B. 2365 was also proposed by DOI, to provide greater consumer protections. Currently, premium finance companies are not required to disclose to the insured the amount of interest being charged on a financed premium. In addition, consumers are sometimes unaware they have financed their premiums because current law permits insurance agents to sign a premium finance agreement on behalf of an insured. H.B. 2365 gives the DOI rule-making authority to require conspicuous disclosure of the applicable interest rate. The bill also prohibits an agent from signing a premium finance agreement on behalf of an insured, unless it is an identical renewal contract. (Chapter 192)

H.B. 2366 - INSURANCE GUARANTY FUNDS

H.B. 2366, also proposed by DOI, provides that in the event an Arizona domiciled life or disability insurer becomes insolvent, guaranty fund coverage will be provided only to Arizona residents. Exceptions to this "Arizona residents only" coverage will be made to residents of other states in the event **all** the following criteria are met: (1) the insurer which issued such policies or contracts is domiciled in Arizona; (2) such insurer never held a license or certificate of authority in the state in which such person resides; (3) such state has guaranty fund protection similar to the guaranty fund protection created by the article; and (4) such persons are not eligible for coverage by such other guaranty fund law or regulation. (Chapter 165)

H.B. 2369 - INSURER SOLVENCY

H.B. 2369 provides a comprehensive revision of Arizona's insurance laws relating to insurer solvency. The bill amends existing laws relating to insurance holding companies, insurers' financial condition, capital and surplus, reinsurance, and transactions with managing general agents. In addition H.B. 2369 provides new requirements regarding reinsurance intermediaries and producer-controlled property and casualty insurance. The major areas addressed by the bill are:

1. Risk based capital. Minimum capital and surplus requirements for insurers based on type, volume and nature of business.

2. Audited financial statements. Requirements for annual audited financial statements.

3. Reinsurance standards. Standards of eligibility for allowing insurers to take credit or reduce liabilities on financial reports for reinsurance.

4. Managing general agents. Standard definition for managing general agents; requirements for contracts between insurers and managing general agents to ensure that funds and responsibilities are appropriately administered.

5. Holding company act. Revisions to the Insurance Company Holding Act to clarify that it applies to all acquisitions, mergers, and substantial transactions with affiliated companies; specific standards for such transactions and requirements for registration and annual reports.

6. Reinsurance intermediaries. Provisions for licensing of reinsurance intermediaries and for minimum standards for transactions and contracts with reinsurance intermediaries.

7. Producer controlled business. Requirements, standards and restrictions for transactions involving agents or producers and insurers owned or controlled by such agents or producers to ensure proper handling of funds and responsibilities.

8. Enforcement. Provisions for regulatory enforcement authority including cease and desist orders, fines, restitution, and suspension or revocation of licenses.

9. Technical - Technical changes regarding liquidation and rehabilitation of insurers such as establishment of venue and priority of claims for employee compensation.

H.B. 2369 is necessary for Arizona to meet the minimum national standards for insurer solvency regulation established by the National Association of Insurance Commissioners (NAIC) and recommended by the National Conference of State Legislators. It is a necessary prerequisite for accreditation by the NAIC.

I would like to acknowledge the support and assistance provided by Senator Peña and Representative Mills, chairs of the Senate Commerce and Labor Committee and the House Financial Institutions and Insurance Committee, respectively. The efforts of these legislators and their staff contributed greatly to the passage of these vitally-needed laws.

Sincerely,

CIRCULAR LETTER NO. 91-3

TO: ALL HEALTH CARE SERVICES ORGANIZATIONS; HOSPITAL, MEDICAL SERVICE CORPORATIONS; LIFE AND DISABILITY INSURERS; AGENTS' ASSOCIATIONS; INSURANCE TRADE ASSOCIATIONS; AND OTHER INTERESTED PERSONS

FROM: SUSAN GALLINGER, DIRECTOR OF INSURANCE

DATE: July 17, 1991

RE: **USE OF URINE AND/OR SALIVA SCREENING TESTS FOR HIV INFECTION IN CONNECTION WITH AN APPLICATION FOR LIFE OR HEALTH INSURANCE**

Recently, the Department of Insurance (DOI) has become aware of the use by insurers of urine and/or saliva tests for screening insurance applicants for the presence of HIV antibodies. Although during the past year several insurers and laboratories have requested approval for the use of these tests, DOI has consistently denied such approval. This denial is based upon the AIDS Guidelines adopted by DOI in 1987 and amended to their current form in 1988. These guidelines state in relevant part:

> All such tests used must be approved and licensed by the Food and Drug Administration with the interpretation of positivity as specified by the manufacturer(s).

Despite the existence of the guidelines, DOI is aware that the use of these tests is becoming increasingly widespread in the industry. The purpose of this Circular Letter is to clarify the position of DOI and to notify insurers that the use of these testing methods is a violation of Arizona DOI AIDS Guidelines and federal law.

Recently, DOI has been in contact with the Food and Drug Administration (FDA) concerning the approval and licensing of these alternative testing methods. Attached is a copy of the July 10, 1991, FDA "Talk Paper" addressing this issue. As you can see, the FDA has ordered the manufacturers and distributors of the saliva test kit to remove those kits from the market and to cease using the kits, which are not FDA approved. In addition, the FDA's position on alternative testing methods is clearly stated:

> To date no AIDS antibody test kit using any human body fluid other than whole blood, dried blood spots, plasma or serum has been approved. The promotion of AIDS antibody tests for use with any other bodily fluid violates the Federal Food, Drug and Cosmetic Act.

(emphasis added). DOI will vigorously enforce the AIDS Guidelines and will work in coordination with the FDA to prohibit the unlawful distribution and use of these testing devices. We are confident that insurers and agents will cooperate with these efforts, and we encourage those with questions to contact us. Questions should be directed to Sandra Lewis, Executive Assistant to the Director, at (602) 255-4034.

EPITOPE TO CEASE MARKETING OF UNAPPROVED AIDS TEST COLLECTION KITS

On July 5, Epitope Inc., of Beaverton, Ore., and Home Office Reference Laboratory, Inc. of Lenexa, Kansas, agreed to FDA demands to cease marketing of OraSure saliva collection kits for AIDS antibody testing. The kits had been marketed without the necessary FDA approval. Home Office Reference Laboratory will retrieve the unapproved devices that have been sent to insurance firms for use in screening applicants for evidence of the antibody to the AIDS virus.

The firms' actions were taken in response to FDA letters issued on June 28, which warned that more severe regulatory action would be forthcoming unless the companies quickly agreed to take corrective steps. FDA sent the warning after the agency became aware through news reports and subsequent investigation that Epitope had sold large quantities of the saliva collection devices to Home Office Reference Laboratory since Jan. 1991. This firm, in turn, contracted with insurance companies to use the device to screen potential policy holders for the presence of antibody to the AIDS virus.

FDA Commissioner David A. Kessler, M.D., noted that the improper commercialization of an unapproved medical device represented a serious breach of the pre-market approval system which allows FDA to determine the

-MORE-

safety and efficacy of such devices. He also warned that the agency would not tolerate this type of illegal short-circuiting of the system, particularly with regard to products for serious diseases like AIDS. The Commissioner said that FDA is investigating reports of other unapproved specimen collection devices being used for AIDS antibody testing, and warned that the illegal distribution and use of such products must cease.

OraSure, when used for collecting saliva samples for AIDS antibody screening, is a medical device that requires premarket approval by FDA before it can be commercially marketed. While Epitope is seeking approval for the OraSure device with FDA's Center for Biologic Evaluation and Research, the kit has not been approved, nor has any other saliva based kit been approved for AIDS antibody testing. To date no AIDS antibody test kit using any human body fluid other than whole blood, dried blood spots, plasma or serum has been approved. The promotion of AIDS antibody tests for use with any other bodily fluid violates the Federal Food, Drug and Cosmetic Act.

This action is part of an on going agency effort to enforce the laws and regulations it is required to uphold. The agency believes this action is critical for preserving its ability to safeguard the public health by preventing the widespread distribution of medical products of unknown safety and efficacy.

1990 ARIZONA PROPERTY AND CASUALTY BUSINESS

The following reports show the 1990 results of the top twenty-five admitted insurers writing in each line of business reported. Only the major property and casualty lines of business are included. In past Annual Reports, only the top ten admitted insurance companies/groups were exhibited. To provide a greater Arizona market share representation, we have expanded the list to include the top twenty-five insurers.

The information as to premiums written, premiums earned, losses paid and losses incurred for the top twenty-five insurers was obtained from page 14 of their filed annual statements. The totals for all insurers were obtained from the National Association of Insurance Commissioners' database as was the count of insurers which represents those insurers licensed to do business in Arizona who are actively writing the particular line of business.

The section of each report entitled "1990 Estimated Results on Arizona Business" provides an estimate by the Department of Insurance of the combined gain or loss in Arizona of all insurers who were actively writing the particular line of business in 1990. The annual statement insurance expense exhibits of the top twenty-five insurers were used to obtain the various group amounts and percentages for expenses, investment income allocation and dividends.

1991 REPORT OF THE DIRECTOR

The Department of Insurance ("the Department") is organized into seven separate divisions: Administration, Information Systems, Corporate and Financial Affairs, Consumer Affairs and Investigations, Rates and Regulations, Hearing and Receivership. Administration is headed by a Business Manager and is responsible for the business administration of the Department. Information Systems is headed by a Project Manager and is responsible for the computer operations of the Department. Hearing is headed by the Chief Hearing Officer and is responsible for conducting all administrative hearings held by the Department. Receivership is headed by the Deputy Receiver and is responsible for coordinating and tracking all receiverships, conservatorships and supervisions commenced by the Department. The remaining three divisions are supervised by Assistant Directors, each of whom is charged with overseeing his or her specific responsibilities as prescribed by the Arizona Insurance Code and as assigned by the Director of Insurance.

The Director is assisted by the Executive Staff which includes the Deputy Director, Chief Actuary, Executive Assistant and Administrative Assistant. A brief overview of the operations and activities of the Insurance Department during 1991 follows.

Executive Staff

The Deputy Director, Joseph M. Hennelly, Jr., is responsible for the administrative functions of the Department. Additionally, the Deputy Director works with the Deputy Receiver to monitor the delinquency proceedings filed by the Department and serves as liaison on administrative and judicial proceedings filed by the Attorney General on behalf of the Department.

The Chief Actuary, David G. Hurlbut, FSA, MAAA, serves as actuary to the Department and is responsible for reviewing and analyzing insurance rates, rating procedures, rating plans and all phases of insurance operations.

The Executive Assistant, Sandra Lewis, acts as Assistant Hearing Officer, health care service organization and prepaid dental specialist and provides staff support to the Director in a variety of areas, including research, analysis, participation in and recommendations for numerous task forces and committees involving insurance issues. In addition, the Director and Deputy Director are assisted by a Special Assistant, Gay Ann Williams, who serves as automation coordinator for accreditation of the Department with the National Association of Insurance Commissioners, supervises the senior consumer assistance program, participates in various task forces and committees involving insurance issues and coordinates press, legislative and consumer for the Department.

Administration Division

The Administration Division is directed by Scott Greenberg, the Department's Business Manager. This Division is responsible for handling the Department's accounting, budgeting, payroll, personnel, procurement and facilities-management issues. During 1991, the Administration Division receipted and deposited with the State Treasurer a total of $103,851,047 in premium taxes, fines, fees and licenses.

Information Systems Division

The Information Systems Division is headed by Eugene Glover, Project Leader. This Division is responsible for the automation of the Department which is specially funded through the Computer Automation Funds established under A.R.S. §20-167.01.

During calendar year 1991, Information Systems developed and implemented the automation for the Licensing Section of the Rates and Regulations Division, began development of the Consumer Affairs Division, and began implementation of the Premium Tax system. The Information Systems Staff also began implementation of PC connectivity to the Department's AS/400 mid-range computer to facilitate development of the Solvency Accreditation systems.

Departmental usage of the AS/400 computer continued to increase as more and more programs came on-line; this increase mandated that the Department purchase processor, memory and disk storage enhancements to continue its overall automation project.

The Division responded to 1,193 requests for support from Departmental employees. These requests ranged from word processing support to hardware problem determination and resolution. The Division also answered 431 system service requests which included new programming, modification to existing systems, and data retrieval from diverse soutces, including the National Association of Insurance Commissioners.

The Information Systems Division is also responsible for the daily computer operations as well as the on-going applications development of the Department of Insurance.

Corporate and Financial Affairs Division

The Corporate and Financial Affairs Division is headed by Assistant Director and Chief Examiner Gary Torticill, CFE. The Division is responsible for monitoring the solvency of 824 domestic and 1,625 foreign insurers and also reviews and evaluates the National Association of Insurance Commissioners' Insurance Regulatory Information System ("IRIS") on domestic and foreign insurers.

In 1991, the Division conducted 267 financial examinations of domestic and foreign insurers. These onsite examinations were conducted by independent contract field examiners. The Division reviews all foreign reports of examination conducted by other states.

The Division processed and admitted 31 foreign insurers and 18 new domestic insurers and reinsurers during 1991. It represented the Department at 106 acquisition, merger and withdrawal hearings. The Division collected $102,574,801 in premium taxes and other related fees and an additional $568,401 in penalties and interest during 1991. The Division is responsible for controlling and maintaining $243,264,987 in statutory deposits.

The Division provides support and technical assistance to other divisions within the Insurance Department and to the Life and Disability and the Property and Casualty Guaranty Funds. The Division maintains and updates insurer records and serves as the Department's official Custodian of Records.

The Corporate and Financial Affairs Division currently has eleven full time employees and 30 field examiners.

Consumer Affairs and Investigations Division

The Department's Consumer Affairs and Investigations Division is headed by Assistant Director Jay Rubin. The Division is responsible for implementing the Department's consumer assistance programs and conducting investigations for administrative hearings and/or litigation regarding violations of Arizona insurance laws. The Division maintains offices in Phoenix and Tucson to provide easier access for Arizona consumers to the Department's services.

During 1991 the Consumer Affairs Division continued to assist Arizona senior citizens with a statewide toll-free telephone line used to answer questions and/or concerns regarding insurance matters.

During the past year, the Division handled over 8,400 written complaints and responded to over 105,000 telephone inquiries. During the year, over 1,750 consumers visited the Department and received assistance. The Division staff was successful in assisting Arizona consumers in obtaining settlements from insurers totalling over $8,434,845 in 1991. The Division oversees the administration and enforcement of the Unfair Claims Settlement Practices Act and the Department's regulations adopted pursuant to that law. The Division issued 178 citations for unfair claims practices against insurers during 1991. Division employees conducted 187 investigations of insurers, agents, brokers, adjusters and bail bondsmen resulting in 38 cases being referred for administrative and/or judicial proceedings. Civil penalties and restitution totalling $200,417 were ordered as a result of administrative hearings.

Rates and Regulations Division

Deloris E. Williamson, CPCU, CIE, is the Assistant Director in charge of the Rates and Regulations Division which is comprised of three sections: Licensing, Life and Disability, and Property and Casualty.

The Division is also responsible for the 35 field examiners who conduct market conduct and rate examinations. A market conduct examination involves an onsite review of insurance company rating, underwriting, claims and marketing practices. A major purpose of this type of examination is to identify any unfair trade or settlement practice in which the insurer may engage. Rate examinations focus on the insurer's actual application of the rates and rating rules used to develop policyholder premiums.

Ninety market conduct examinations and 32 rate examinations were called in 1991. Additionally, during this period, $96,989 was returned to Arizona policyholders and $450,912 in civil penalties were levied against insurers pursuant to consent orders as a result of market conduct or rate examinations.

As a result of this Division's activities, the Department imposed against various licensees $37,400 in civil penalties for assorted violations of the insurance law.

Licensing Section. The Licensing Section is supervised by Maureen Catalioto. This Section is responsible for issuing insurance licenses to agents, brokers, adjusters, solicitors, service representatives and risk management consultants who qualify pursuant to Arizona law.

During 1991, the Licensing Section issued 4,345 new life-type licenses, 1,767 new property and casualty-type licenses and 17,845 renewal licenses of all types. As of December 31, 1991 there were 25,453 resident and 9,801 nonresident licensees who held a total of 50,997 licenses.

Life and Disability ("L&D") Section. Mary Butterfield, AIE, is responsible for this Section. This Section reviews advertising, policy forms, contracts and individual health insurance rates prior to their use by L&D insurers, health care service organizations ("HCSOs"), hospital, medical, dental and optometric service corporations and prepaid dental plan organizations.

The Section ensures that insurers selling medicare supplement insurance in Arizona make revisions to their policies and premium rates in compliance with changes in state and federal laws. The Section also prepares, publishes and distributes lists of insurance companies offering medicare supplement and long-term care insurance in Arizona to assist citizens in purchasing these products.

In 1991, the Section conducted a survey of all L&D insurers, HCSOs, hospital, medical, dental and optometric service corporations and prepaid dental plan organizations. The results were utilized to prepare a complaint ratio to target insurers for market conduct examinations.

During 1991, this Section conducted a survey of insurers offering comprehensive health insurance products to compare methods utilized by companies in calculating payments under health insurance policies which reimburse policyholders for medical expenses incurred which are referred to in policies as "usual, customary and reasonable" (UCR). The most frequently used method of calculating the UCR amounts is taken from data compiled by and furnished to companies by the Health Insurance Association of America.

A member of the Section serves on the Health Care Group of the Arizona Advisory Committee, a program of the Arizona Health Care Cost Containment System to provide health care to small employers.

Property and Casualty ("P&C") Section. Ken Wixon, CPCU, is the Supervisor of this Section which is primarily responsible for administering Arizona's insurance laws applicable to P&C rates and forms. The Section's responsibilities include regulating service companies, qualifying insurers for the surplus lines list, licensing rating organizations, reviewing workers' compensation ("WC") securities, assisting in P&C market conduct and rate examinations and monitoring the marketplace by conducting premium comparisons and availability studies. The Section is also responsible for controlling and maintaining $1,070,422,100 in service company, surplus lines and WC statutory deposits.

During 1991, the Section prepared five major publications for the benefit of Arizona insurance consumers to assist them in the purchase of insurance coverage and the selection of an insurance company.

Twice during the year, an Automobile Premium Comparison was published which compared insurers' six month premium quotations. The second edition (September, 1991) included premiums for 52 insurers writing over 90% of the private passenger automobile insurance in Arizona. For the same hypothetical risk, premiums ranged from a low of $692.65 to a high of $2,014.00 in Phoenix and a low of $598.42 to a high of $1,685.00 in Tucson. The comparison demonstrated that it is in the best interest of consumers to thoroughly investigate the marketplace in order to obtain the best coverage for their premium dollar. Consumers were cautioned that although price is always a consideration in the purchase of insurance, a consumer should also consider the company's service to its policyholders, its

overall reputation, and the type of insurance contract and coverage available.

The Homeowners' Premium Comparison compared the premiums of 56 companies writing over 95% of homeowners' insurance written in Arizona. Six-month premiums were quoted for Phoenix, Glendale, Mesa, Flagstaff and Tucson. Premiums in Phoenix ranged from $172 to $701 for the same hypothetical risk. Again, the survey clearly exhibited the advantages of comparison shopping. A Mobile Homeowners' Premium Comparison was also prepared.

The Personal Lines Complaint Ratio brought to public attention insurers about which the Department had received numerous complaints in 1991. This publication assists the Department in assessing individual company performance during the year, identifying problems requiring prompt regulatory action, and deterring "would be" offenders. The Complaint Ratio also permits the Department to most effectively utilize its human resources by targeting insurers to be considered candidates for market conduct examinations.

Hearing Division

The Hearing Division is headed by Chief Hearing Officer Sara M. Begley. The Hearing Division issued a total of 550 notices of hearing, procedural orders and final orders in 1991. Civil penalties of $96,275 were imposed and $111,866 in restitution to victims was awarded, in addition to the penalties and restitution ordered as a result of market conduct or rate examinations. The Division also continued to provide legal assistance to the other divisions of the Department of Insurance and assisted in drafting insurance-related legislation and regulations.

During 1991, the Hearing Division assisted in the adoption and certification of hearing procedure rules (A.A.C. R4-14-101 through R4-14-115) and rules regulating medicare supplement insurance (A.A.C. R4-14-1101 through R4-14-1120). The Division also participated in the preparation of proposed rules on long-term care insurance and HIV/AIDS; Prohibited and Mandated Practices.

During 1991, 28 agents had their licenses either revoked or suspended. The Hearing Division issued nine orders granting an applicants' insurance licenses and affirmed the Department's denial of licenses in ten cases.

The Division approved the acquisition of 21 domestic insurers, approved the merger of 15 domestic insurers and authorized the withdrawal of 59 domestic insurers from the business of insurance. In addition, during 1991 the Division issued 78 orders suspending or revoking insurers' certificates of authority, principally for deficiencies in assets.

Receivership Division

The Receivership Division consisting of a Deputy Receiver, an Assistant Deputy Receiver (position vacant at this time), a Secretary and an Administrative Assistant is headed by Deanna Delmar, Deputy Receiver. The Division is specially funded through a Receivership Liquidation Fund established pursuant to A.R.S. §20-648 from the estates of insolvent insurers.

The Division is responsible for coordinating and tracking all receiverships and conservatorships conducted by the Department. The Division also acts as liaison to the two Arizona Guaranty Funds. As of December 31, 1991 the Department was monitoring 17 domestic insurers and one unauthorized domestic insurer in receivership and three foreign insurers in ancillary receivership. No receiverships of domestic companies were instituted in 1991.

Assistant Attorneys General

The Assistant Attorneys General of the Consumer Protection and Antitrust Section assigned to the Insurance Department act as counsel to the Director of Insurance and the management of the Insurance Department. Their services include interpreting the Insurance Code and supplying statutory construction analyses in the form of Attorney General Opinions, counsel memoranda and oral communication. The Assistant Attorneys General also represent the Property and Casualty Guaranty Fund and the Life and Disability Guaranty Fund. Additional services include defending suits against the Insurance Department, representing the Department in appeals from the Director's administrative orders and instituting actions on behalf of the Director to enforce the provisions of the Insurance Code. The Assistant Attorneys General are also actively involved in the rehabilitation and liquidation of insolvent insurers and seek court appointment of receivers and ancillary receivers when necessary.

Other functions performed by the Attorney General's Office include drafting and reviewing notices of hearing, contracts and other legal documents for the Insurance Department, responding to correspondence from insurers and other state insurance departments, providing legal advice to the Department on various legal problems, and reviewing all rules proposed by the Insurance Department to ensure compliance with the Arizona Administrative Procedures Act.

RE: Senate Bill 1250 (Seat Belts) and Previous Department of Insurance Circular Letter No. 90-16 - Revised Reporting Schedule

In response to many requests to simplify the special Arizona Seat Belt Schedule provided in Arizona Department of Insurance Circular Letter No. 90-16 dated December 17, 1990, the attached revised schedules have been adopted.

The revised schedules were developed to incorporate the suggestions of many reporting insurers and to provide a uniform reporting methodology which maintains data quality while providing a collection format which is compatible with the largest possible number of insurer information systems.

The revised schedules replace the Special Arizona Seat Belt Schedule provided in Circular Letter No. 90-16. Reporting under the new revised forms is mandatory with the following exceptions:

1. Quarterly reports already submitted using the old schedule will be accepted in lieu of the new form for the same calendar quarter.

2. An insurer may request to continue reporting under the old form if it demonstrates that use of the new forms result in an unreasonable hardship.

PLEASE READ THE INSTRUCTIONS CAREFULLY TO DETERMINE THE REQUIRED REPORTING DATES ON THE REVISED FORMS.

There are four revised schedules. Two are historical in nature and need to be completed only one time, separately for private passenger and commercial business. The other two, also for private passenger and commercial business, need to be completed on a quarterly basis until further notice.

Finally, I would like to request that those insurers with the capability to provide the information requested in the old Special Arizona Seat Belt Schedule and who can do so without incurring undue cost continue to provide such information to the Department on a voluntary basis in addition to the information required in the revised Special Arizona Motor Vehicle Insurance Schedules. Such information will be helpful in evaluating the effects of Senate Bill 1250.

Thank you for your attention to this matter. Please send your report to:

CIRCULAR LETTER NO. 91-2

TO: ALL INSURANCE TRADE ASSOCIATIONS, INSURANCE MEDIA PUBLICATIONS, AND INTERESTED PERSONS

DATE: July 27, 1991

RE: 1991 ARIZONA INSURANCE LEGISLATION

The 1991 Arizona Fortieth Legislature, First Regular Session, has recently concluded. Health insurance affordability and availability for the medically uninsurable, military personnel, and long term care insurance for senior citizens were issues addressed by legislation enacted this session. Automobile insurance rates and mandatory automobile insurance were also topics of concern and debate throughout the session. The most significant insurance-related legislation, House Bill 2369, provides a comprehensive revision of Arizona's insurance laws relating to insurer solvency.

In accordance with the Insurance Department (DOI) practice in the past, the following is a brief summary of the major components of the newly-enacted insurance legislation. The summary is not intended to be either an exhaustive listing or detailed legal analysis of the insurance bills that became law. Rather, the intent is to describe the main areas where substantive changes in insurance statutory requirements have taken place. This synopsis should not be considered a legal opinion or otherwise binding interpretation of the legislation. I encourage all interested persons to obtain copies of the signed bills by contacting the Arizona Secretary of State's Office at (602) 542-4285.

The principal insurance legislation is as follows (reference is to the House or Senate bill number as enacted; please note that an "E" after the chapter number indicates that the bill was enacted with an emergency clause):

S.B. 1317 - OMNIBUS BUDGET RECONCILIATION ACT

In addition to numerous other provisions, this omnibus budget reconciliation bill requires DOI to assess a surcharge of fifteen percent on all current license fees, including

certificate of authority fees. The purpose of this assessment is to continue automation of the DOI. The law became effective on June 21, 1991, and is repealed on December 31, 1992. (Chapter 265 E)

S.B. 1329 - MVD RECORDS; INSURANCE AGENT LIMITATIONS

S.B. 1329 authorizes the Motor Vehicle Division (MVD) to release MVD records and information to authorized agents of a licensed liability insurer. The agent must be able to provide MVD with two out of three data requirements: the name of the owner of the vehicle; the vehicle identification number of the vehicle; or the vehicle license plate number assigned to the vehicle. The agent is also required to promptly deliver information obtained from MVD to the insurance company which requested the information. The bill specifies that an agent is guilty of a Class 1 misdemeanor if he or she (1) retains or transfers information acquired from MVD for his or her own use or use by a person other than the insurer who requested the information; (2) uses false representations to obtain MVD records; or (3) sells or distributes information acquired from MVD to a person or organization for purposes other than those specified in the original request. Finally, S.B. 1329 stipulates MVD shall not release any information in a person's driving record related to a traffic violation which occurred forty months or more prior to the request for the information by an insurer, an authorized agent or an insurance agent. (Chapter 142)

H.B. 2027 - HEALTH INSURANCE POLICIES

As enacted, H.B. 2027 combined health insurance-related legislation from four bills heard throughout the legislative session. It contains four major sections:

1. Certain restrictions are placed on insurers, hospital and medical service corporations and health care service organizations issuing conversion policies to individuals and/or dependents who leave group or individual policies. Cancellation or nonrenewal of conversion policies except for nonpayment of premium, fraud or misrepresentation are prohibited. The modification of an existing conversion policy is limited and may not result in the elimination of any original benefit.

2. An omission from H.B. 2181 as enacted in 1990 is corrected. As enacted, H.B. 2181 prohibited insurers from unfairly discriminating against chiropractors and osteopaths in claims payments and was intended to apply to both group and individual policies, as well as hospital and medical service corporation policies. Due to a drafting error, H.B. 2181 excluded group policies. Under the terms of H.B. 2027, unfair discrimination against the health care providers

mentioned earlier in this section is now prohibited in group as well as individual policies.

3. Eligibility requirements for Health Care Group (HCG), the division of AHCCCS which provides insurance to small groups, are modified. The bill increases from twenty-five (25) to forty (40) the number of employees an employer may have to qualify for HCG coverage; allows groups which have been without health insurance for ninety (90) days, instead of six (6) months, to be eligible for HCG coverage; and provides that groups which increase beyond the forty (40) person limit will not lose eligibility.

4. Indemnity insurers, hospital and medical service corporations, and health maintenance organizations may issue "small group" health insurance to employer groups of twenty-five (25) or fewer. These "small group" policies must include specific basic benefits, including obstetrical and well-child care, but are not required to provide certain other benefits currently mandated by law. (Chapter 299)

H.B. 2049 - JOINT HEALTH INSURANCE PLANNING COMMITTEE

H.B. 2049 establishes a fifteen (15) member committee charged with examining and making recommendations regarding a "plan of operation" to provide health insurance to the medically uninsurable. Committee membership includes members of the legislature, representatives of the health insurance and health care industries, employers and the public, and the directors of AHCCCS and DOI. The committee is required to report to the legislature and the Governor by December 31, 1991. The report must include the results of the committee's examination of a number of issues, including the creation of a risk pool for the uninsurable; funding mechanisms for any recommendation requiring funding; and the feasibility of adopting the National Association of Insurance Commissioners' model law relating to risk pools. (Chapter 258)

H.B. 2089 - INSURANCE; MILITARY COVERAGE

H.B. 2089 requires the Director of DOI to adopt emergency rules regarding health and disability insurance to permit persons ordered to active military service after August 21, 1990 to reinstate their insurance coverage upon release from military duty subject to prescribed conditions. The rules must address eligibility, dependent coverage, preexisting conditions, probationary periods, and any other relative conditions. This bill was enacted with an emergency clause and became effective February 25, 1991. (Chapter 1 E)

H.B. 2157 - MANDATORY AUTOMOBILE INSURANCE

H.B. 2157 requires the Director of Insurance to impose civil penalties of up to $250 per day if, after a hearing and certification by the Motor Vehicle Division (MVD) of the Department of Transportation, the Director finds an insurer has violated the mandatory reporting requirements of A.R.S. §28-1262. The bill also makes numerous revisions to the mandatory automobile insurance laws. For example, the bill allows the MVD to verify proof of financial responsibility of the owner of an automobile involved in an accident, and to suspend the licenses, plates and registration of persons found in violation of the financial responsibility laws. The bill further requires the Director of the Department of Transportation to specify the size and format of automobile insurance identification cards. Finally, H.B. 2157 delays the mandatory reporting requirements for automobile insurers to January 1, 1992. After this date, insurers will be required to submit to the Motor Vehicles Department by magnetic tape, information regarding the issuance, cancellation, and nonrenewal of policies. (Chapter 286 E)

H.B. 2361 - HEALTH CARE PROVIDERS; INSURANCE

H.B. 2361 requires insurers which allow for assignment of benefits to pay the providers of care directly when benefits are assigned by the insured. Currently, health insurers are permitted to pay benefits to either the health care provider or the insured, even if the insured has assigned his or her benefits to the provider. (Chapter 96)

H.B. 2364 - LONG TERM CARE INSURANCE

H.B. 2364 was proposed by DOI to provide greater protections for long term care policyholders and applicants. The bill amends existing law to provide that long term care insurance does not include policies or riders which primarily provide basic major medical expense, hospitalization or Medicare supplement coverage. Notwithstanding the above, however, any policy advertised, marketed, or offered as long term care insurance must comply with all provisions in the law regarding long term care insurance. The bill also expands DOI's rule-making authority for long term care insurance to include marketing practices, agent testing, penalties and reporting practices for long term care insurers. DOI may impose specified penalties on insurers and agents found to have violated statutes and rules relating to long term care insurance. These penalties are in addition to other penalties provided elsewhere in insurance laws. The bill requires life insurers offering long term care benefits within life insurance policies to provide a policy summary at the time the policy is delivered. It amends existing law to provide that a preexisting condition is a condition for which medical advice or treatment was recommended

by or received from a provider of health care services within six (6) months preceding the effective date of coverage. Finally, the bill extends the time period within which individual long term care insurance policyholders may return their policy and have the premium refunded from ten (10) to thirty (30) days. (Chapter 96)

H.B. 2365 - INSURANCE; PREMIUM FINANCE COMPANIES

H.B. 2365 was also proposed by DOI, to provide greater consumer protections. Currently, premium finance companies are not required to disclose to the insured the amount of interest being charged on a financed premium. In addition, consumers are sometimes unaware they have financed their premiums because current law permits insurance agents to sign a premium finance agreement on behalf of an insured. H.B. 2365 gives the DOI rule-making authority to require conspicuous disclosure of the applicable interest rate. The bill also prohibits an agent from signing a premium finance agreement on behalf of an insured, unless it is an identical renewal contract. (Chapter 192)

H.B. 2366 - INSURANCE GUARANTY FUNDS

H.B. 2366, also proposed by DOI, provides that in the event an Arizona domiciled life or disability insurer becomes insolvent, guaranty fund coverage will be provided only to Arizona residents. Exceptions to this "Arizona residents only" coverage will be made to residents of other states in the event all the following criteria are met: (1) the insurer which issued such policies or contracts is domiciled in Arizona, (2) such insurer never held a license or certificate of authority in the state in which such person resides; (3) such state has guaranty fund protection similar to the guaranty fund protection created by the article; and (4) such persons are not eligible for coverage by such other guaranty fund law or regulation. (Chapter 165)

H.B. 2369 - INSURER SOLVENCY

H.B. 2369 provides a comprehensive revision of Arizona's insurance laws relating to insurer solvency. The bill amends existing laws relating to insurance holding companies, insurers' financial condition, capital and surplus, reinsurance, and transactions with managing general agents. In addition H.B. 2369 provides new requirements regarding reinsurance intermediaries and producer-controlled property and casualty insurance. The major areas addressed by the bill are:

1. Risk based capital. Minimum capital and surplus requirements for insurers based on type, volume and nature of business.

2. Audited financial statements. Requirements for annual audited financial statements.

3. Reinsurance standards. Standards of eligibility for allowing insurers to take credit or reduce liabilities on financial reports for reinsurance.

4. Managing general agents. Standard definition for managing general agents; requirements for contracts between insurers and managing general agents to ensure that funds and responsibilities are appropriately administered.

5. Holding company act. Revisions to the Insurance Company Holding Act to clarify that it applies to all acquisitions, mergers, and substantial transactions with affiliated companies; specific standards for such transactions and requirements for registration and annual reports.

6. Reinsurance intermediaries. Provisions for licensing of reinsurance intermediaries and for minimum standards for transactions and contracts with reinsurance intermediaries.

7. Producer controlled business. Requirements, standards and restrictions for transactions involving agents or producers and insurers owned or controlled by such agents or producers to ensure proper handling of funds and responsibilities.

8. Enforcement. Provisions for regulatory enforcement authority including cease and desist orders, fines, restitution, and suspension or revocation of licenses.

9. Technical - Technical changes regarding liquidation and rehabilitation of insurers such as establishment of venue and priority of claims for employee compensation.

H.B. 2369 is necessary for Arizona to meet the minimum national standards for insurer solvency regulation established by the National Association of Insurance Commissioners (NAIC) and recommended by the National Conference of State Legislators. It is a necessary prerequisite for accreditation by the NAIC.

I would like to acknowledge the support and assistance provided by Senator Peña and Representative Mills, chairs of the Senate Commerce and Labor Committee and the House Financial Institutions and Insurance Committee, respectively. The efforts of these legislators and their staff contributed greatly to the passage of these vitally-needed laws.

Sincerely,

Susan Gallinger

RE: **USE OF URINE AND/OR SALIVA SCREENING TESTS FOR HIV INFECTION IN CONNECTION WITH AN APPLICATION FOR LIFE OR HEALTH INSURANCE**

Recently, the Department of Insurance (DOI) has become aware of the use by insurers of urine and/or saliva tests for screening insurance applicants for the presence of HIV antibodies. Although during the past year several insurers and laboratories have requested approval for the use of these tests, DOI has consistently denied such approval. This denial is based upon the AIDS Guidelines adopted by DOI in 1987 and amended to their current form in 1988. These guidelines state in relevant part:

> All such tests used must be approved and licensed by the Food and Drug Administration with the interpretation of positivity as specified by the manufacturer(s).

Despite the existence of the guidelines, DOI is aware that the use of these tests is becoming increasingly widespread in the industry. The purpose of this Circular Letter is to clarify the position of DOI and to notify insurers that the use of these testing methods is a violation of Arizona DOI AIDS Guidelines and federal law.

Recently, DOI has been in contact with the Food and Drug Administration (FDA) concerning the approval and licensing of these alternative testing methods. Attached is a copy of the July 10, 1991, FDA "Talk Paper" addressing this issue. As you can see, the FDA has ordered the manufacturers and distributors of the saliva test kit to remove those kits from the market and to cease using the kits, which are not FDA approved. In addition, the FDA's position on alternative testing methods is clearly stated:

> To date no AIDS antibody test kit using any human body fluid other than whole blood, dried blood spots, plasma or serum has been approved. The promotion of AIDS antibody tests for use with any other bodily fluid violates the Federal Food, Drug and Cosmetic Act.

(emphasis added). DOI will vigorously enforce the AIDS Guidelines and will work in coordination with the FDA to prohibit the unlawful distribution and use of these testing devices. We are confident that insurers and agents will cooperate with these efforts, and we encourage those with questions to contact us. Questions should be directed to Sandra Lewis, Executive Assistant to the Director, at (602) 255-4034.

EPITOPE TO CEASE MARKETING OF UNAPPROVED AIDS TEST COLLECTION KITS

On July 5, Epitope Inc., of Beaverton, Ore., and Home Office Reference Laboratory, Inc. of Lenexa, Kansas, agreed to FDA demands to cease marketing of OraSure saliva collection kits for AIDS antibody testing. The kits had been marketed without the necessary FDA approval. Home Office Reference Laboratory will retrieve the unapproved devices that have been sent to insurance firms for use in screening applicants for evidence of the antibody to the AIDS virus.

The firms' actions were taken in response to FDA letters issued on June 28, which warned that more severe regulatory action would be forthcoming unless the companies quickly agreed to take corrective steps. FDA sent the warning after the agency became aware through news reports and subsequent investigation that Epitope had sold large quantities of the saliva collection devices to Home Office Reference Laboratory since Jan. 1991. This firm, in turn, contracted with insurance companies to use the device to screen potential policy holders for the presence of antibody to the AIDS virus.

FDA Commissioner David A. Kessler, M.D., noted that the improper commercialization of an unapproved medical device represented a serious breach of the pre-market approval system which allows FDA to determine the

-MORE-

safety and efficacy of such devices. He also warned that the agency would not tolerate this type of illegal short-circuiting of the system, particularly with regard to products for serious diseases like AIDS. The Commissioner said that FDA is investigating reports of other unapproved specimen collection devices being used for AIDS antibody testing, and warned that the illegal distribution and use of such products must cease.

OraSure, when used for collecting saliva samples for AIDS antibody screening, is a medical device that requires premarket approval by FDA before it can be commercially marketed. While Epitope is seeking approval for the OraSure device with FDA's Center for Biologic Evaluation and Research, the kit has not been approved, nor has any other saliva based kit been approved for AIDS antibody testing. To date no AIDS antibody test kit using any human body fluid other than whole blood, dried blood spots, plasma or serum has been approved. The promotion of AIDS antibody tests for use with any other bodily fluid violates the Federal Food, Drug and Cosmetic Act.

This action is part of an on going agency effort to enforce the laws and regulations it is required to uphold. The agency believes this action is critical for preserving its ability to safeguard the public health by preventing the widespread distribution of medical products of unknown safety and efficacy.

DATE: December 19, 1991

RE: Medicare Supplement Insurance Rules

On December 18, 1991, the Arizona Attorney General certified emergency rules A.A.C. R4-14-1101 through R4-14-1120, and forwarded them to the Secretary of State. These rules shall remain effective for 90 days unless renewed.

These rules closely follow the NAIC model rule on Medicare supplement insurance adopted by the NAIC on July 30, 1991. The Omnibus Budget Reconciliation Act of 1990 ("OBRA") requires states to adopt standards at least as stringent as those set forth in the NAIC model.

The Director has adopted R4-14-1101 through R4-14-1120 on an emergency basis to comply with OBRA mandates. The Director has also commenced the formal rulemaking process to adopt these rules on a permanent basis. A hearing on the permanent rules will be held on January 7, 1992 at 2:00 p.m. at the Arizona Department of Insurance. Written comment may be submitted through January 14, 1992.

We have enclosed for your reference copies of rules R4-14-1101 through R4-14-1120. The Department's practice has been to make copies of rules and proposed rules available to insurers upon request and upon payment of photocopying and postage expenses. In the case of these Medicare supplement rules, the Department is providing copies of these rules to all Medicare supplement insurers so the insurers will have as much advance notice of the new requirements as possible.

We ask you to remit $10.00 to the Arizona Department of Insurance on or before January 7, 1992 as payment for photocopying and postage expenses. Please reference the Medicare supplement rules on the payment and direct such payment to:

RE: Medicare Open Enrollment

The Omnibus Budget Reconciliation Act of 1990 (42 U.S.C. §1395(s)(2)(A)) and Arizona Administrative Code R4-14-1108 provide for a six month open enrollment period for Medicare beneficiaries 65 years of age or older who first enroll for benefits under Medicare Part B. These provisions state that Medicare supplement insurance issuers may not deny or condition the issuance or effectiveness of, nor discriminate in the pricing of a Medicare supplement policy during the open enrollment period.

It has come to my attention that some Medicare supplement issuers have taken actions which are contrary to the intent of the open enrollment requirement. These actions include the following:

1. Creating a disincentive to sell Medicare supplement policies during the open enrollment period by establishing compensation arrangements that result in producers receiving substantially lower or no compensation for policies sold pursuant to the open enrollment provision.

2. Applying pre-existing condition limitation waiting periods only to those policies issued pursuant to the open enrollment provision.

3. Engaging in premium rating practices which result in higher premiums solely for those policies issued pursuant to the open enrollment provision.

These practices outlined above violate the legislative intent and spirit of the federal law and violate A.A.C. R4-14-1108 regarding open enrollment, and shall not be tolerated in Arizona.

Upon learning of such practices occurring in Arizona, this Department shall immediately commence disciplinary proceedings against the issuers, and shall seek suspension or revocation of the issuer's certificate of authority and the imposition of civil penalties. In addition, the Department shall advise the Health Care Financing Administration of the U.S. Department of Health and Human Services of such practices for prosecution under federal law.

RE: **Solicitation of Discounts for Airbags and Anti-Theft Devices**

Many insurers in the State of Arizona offer and advertise reduced auto insurance premiums to insureds who have passive restraint/anti-theft devices installed in their their vehicles. The Arizona Department of Insurance (DOI) commends insurers for offering such discounts.

It has come to our attention, however, that some insurers are not providing the reduced premiums promised for the above referenced systems. If an insurer has included such premium reductions for these items in its rate filings with DOI, failure to appropriately adjust an insured's premium would constitute a misclassification of the risk without adequate justification and would violate A.R.S. §20-400.01(C).

DOI advises all insurers offering such discounts to Arizona residents to review their records to ensure that the appropriate premium reductions are being applied. If an insurer has overcharged an insured, a premium refund should be calculated and forwarded to the insured. Future market conduct examinations will include verification of reduced premiums to insureds with passive restraint/anti-theft devices.

RE: **USE OF UNITED STATES DRUG ENFORCEMENT ADMINISTRATION (DEA) REGISTRATION NUMBERS AS PHYSICIAN IDENTIFICATION NUMBERS**

The Arizona Department of Insurance ("ADOI") has recently received complaints from physicans regarding insurers' use of DEA registration numbers as physician identification numbers. One physician who complained stated that his patient was denied service by a pharmacy for a prescription for a medication that was not a controlled substance (an antibiotic). Both the physician and the patient were told that the physician's DEA number was required before the pharmacy could file an insurance claim for reimbursement. Thus, the pharmacy would not fill the prescription for an antibiotic without the physician's DEA regsitration number.

As a result of these complaints, ADOI has sought input from DEA on the appropriateness of insurers use of DEA registration numbers as physician identification numbers. The response from G. Thomas Gitchel, Chief of the DEA Liaison and Policy Section states:

> The DEA system of registration was designed to establish a closed system of distribution of controlled substances from the point of manufacture to the point at which they are dispensed to the ultimate user. <u>DEA strongly opposes the use of a DEA registration number for any purpose other than to provide certification of registration in transactions involving controlled substances. The use of DEA numbers as identification numbers by the insurance industry is not a legitimate use of the system.</u> DEA believes that abuses such as these could lead to a weakening of the registration system.

(emphasis added).

ADOI supports the efforts of DEA in protecting the integrity of the registration system for monitoring and controlling the distribution of controlled substances. Alternative means of physician identification are readily available in the form of social security numbers, federal tax identification numbers or license numbers assigned by the various licensing boards. Insurers are therefore requested to discontinue the use of DEA registration numbers as physician identification numbers.

RE: 1992 ARIZONA INSURANCE LEGISLATION

The 1992 Arizona Fortieth Legislature, Second Regular Session, has recently concluded. Increased penalties for the unauthorized transaction of insurance, major revisions to the title insurance and escrow services statutes, and establishment of an automobile theft prevention authority were among the important insurance-related bills enacted during the session.

In accordance with the Insurance Department (DOI) practice in the past, the following is a brief summary of the major components of the newly-enacted insurance legislation. The summary is not intended to be either an exhaustive listing or detailed legal analysis of the insurance bills that became law. Rather, the intent is to describe the main areas where substantive changes in insurance statutory requirements have taken place. This synopsis should not be considered a legal opinion or otherwise binding interpretation of the legislation. I encourage all interested persons to obtain copies of the signed bills by contacting the Arizona Secretary of State's Office at (602) 542-4285.

The principal insurance legislation is as follows (reference is to the House or Senate bill number as enacted; please note that an "E" after the chapter number indicates that the bill was enacted with an emergency clause):

S.B. 1060 - BENEFITS; INSURANCE; HOMESTEAD

This bill increases the maximum exemption from creditors' claims of life insurance cash value from $10,000 to $25,000 and eliminates the $2000-per-dependent limit currently in the

statutes. S.B. 1060 also increases the maximum amount of life insurance exempt from attachment for debt from $5000 to $25,000, but the exemption applies only in those situations where a policy has been in force for two years. The exemption does not apply to annuities or cash surrender values increased by premium payments in excess of the average annual premium paid during the previous three years. (Chapter 274)

S.B. 1062 - COUNTERSIGNATURE OF RESIDENT AGENT ON POLICY

This bill amends A.R.S. 20-229 to allow authorized insurers to use facsimile or other reproduced signatures on policies or endorsements to policies issued to Arizona residents, or to policies located or to be performed in Arizona. (Chapter 42)

S.B. 1246 - UNAUTHORIZED TRANSACTION OF INSURANCE

This bill was proposed by DOI to increase DOI's ability to address the proliferation of unauthorized insurance transactions. Specifically, S.B. 1246 allows the Director to issue cease and desist orders to those acting illegally as insurers or third-party administrators causing damage to consumers. The bill also increases the penalty for the unauthorized transaction of insurance from a class 1 misdemeanor to a class 5 felony, and increases the penalty for insurers found guilty of willfully making false statements to DOI from a class 1 misdemeanor to a class 6 felony. (Chapter 122)

S.B. 1296 - INSURANCE; WELL-WOMAN COVERAGE

This bill provides that health insurers and health maintenance organizations which provide the "small group" or basic health insurance policies covering employee groups of fewer than 25 employees must provide coverage for an annual office visit for "well-woman care." This care shall include routine gynecologic examinations and pap smears. The bill applies to all "small-group" policies issued, amended, or renewed after the effective date of the bill. (Chapter 268)

S.B. 1318 - AUTOMOBILE THEFT PREVENTION AUTHORITY

This bill establishes an automobile theft prevention authority to provide assistance to law enforcement agencies with funding and programs to reduce the incidence of automobile theft. The authority, comprised of representatives appointed by the Governor, is authorized to collect and expend public and private funds for the purpose of establishing, maintaining and supporting programs designed to prevent automobile theft. Additionally, the bill amends the fire and arson reporting

immunity statutes in Title 20 to allow an authorized agency to obtain in writing from an insurer information regarding losses which are under investigation by an authorized agency. The bill also provides immunity from civil liability or criminal penalties to insurers and their agencies or employees who provide such information in good faith to an authorized agency. (Chapter 75E)

S.B. 1364 - TAXATION; OMNIBUS RECONCILIATION; TAX RATES

In addition to other revisions of taxation statutes, S.B. 1364 amends the method by which insurers who participate in the Property and Casualty Guaranty Fund can take premium tax credits for their guaranty fund assessments. Currently, insurers are permitted tax credits of twenty percent per year for five years to offset guaranty fund assessments. S.B. 1364 provides that for calendar years 1992, 1993, and 1994, the maximum offsets permitted shall be as follows: 1992 - 13%; 1993 - 11%; and 1994 - 13%. After 1994, insurers will be permitted to resume taking tax credits of twenty percent, with the maximum offset limited to one hundred percent of the assessment. (Chapter 290)

H.B. 2022 - AUTOMOBILE INSURANCE; CANCELLATION AND NONRENEWAL

Under current law, policies insuring **four** or more vehicles are not subject to Arizona's nonrenewal or cancellation laws. These laws provide that insurers may cancel or nonrenew automobile insurance policies only for specific reasons, including nonpayment of premium, purchase of insurance based on false representations, suspension or revocation of a named insured's drivers license, or conviction of driving under the influence of alcohol or drugs. H.B. 2022 amends the law to provide that policies insuring **six** or more vehicles are not subject to the nonrenewal or cancellation laws. The bill also provides that the nonrenewal and cancellation laws do not apply to motor vehicles used for commercial purposes. (Chapter 23)

H.B. 2062 - MOTOR VEHICLE INSURANCE; UNINSURED AND UNDERINSURED

This bill clarifies the requirements imposed on insurers relating to the offering of uninsured and underinsured motorist coverage. In a recent Arizona Court of Appeals case, Giley v. Liberty Mutual Fire Insurance Company, 168 Ariz. 306, 812 P.2d 1124 (Ariz. App. 1991), the court ruled that the statutory requirement that insurers make available uninsured and underinsured coverage in the amount of the insured's liability policy is not necessarily satisfied by the insured signing a form verifying additional coverage. H.B. 2062

establishes an acceptable procedure for the offering of these types of coverages. Under the terms of H.B. 2062, DOI will develop a form which will state the amount of coverage desired by an applicant. The form prescribed by DOI must be signed by an applicant and maintained on file by the insurer or agent. (Chapter 147)

H.B. 2106 - SURPLUS LINE BROKER; SUSPENSION; REVOCATION

Under current law, DOI must revoke or suspend a surplus line broker's license if he or she fails to file an annual statement or remit a tax on or before the date required, fails to maintain an office in Arizona, or fails to keep or withholds records from DOI. The license must also be suspended or revoked if the broker engages in any conduct which would be cause for an agent's license to be suspended or revoked. H.B. 2106 amends this law by eliminating the mandatory requirement that DOI suspend or revoke such a license if the broker fails to meet the statutory requirements listed above. Instead, DOI is given the discretion to revoke or suspend the license. (Chapter 154)

H.B. 2126 - VEHICLE INSURANCE; CANCELLATION AND NONRENEWAL

This bill was proposed by DOI to provide additional protection to Arizona consumers when an automobile insurer is deemed to be in a financially hazardous condition. The bill allows an automobile insurer to cancel or nonrenew auto policies when the insurance director has suspended the certificate of authority based on the insurer's financially hazardous condition. When an insurer is in a financially hazardous condition, its continued renewal of insurance policies exposes policyholders to the risk no coverage will be available if they have claims. In addition, the continued renewal of policies increases exposure to the State's Guaranty Fund and taxpayers who are ultimately responsible for the claims of policyholders of insolvent insurers. (Chapter 67)

H.B. 2184 - LIFE INSURANCE; COVERAGE OF DEPENDENTS

This bill expands the definition of "dependent" to include any child, regardless of age, and allows dependent children to be covered under a group life insurance policy. Under current law, group insurers must limit the coverage for dependent children to minors. (Chapter 69)

H.B. 2185 - INVESTMENTS OR DEPOSITS IN FINANCIAL INSTITUTIONS

H.B. 2185 provides the Director with the discretion to approve insurer investments in banks owned or controlled by foreign

governments. Under current law, the Director may by rule prescribe a list of eligible foreign banks for insurer investments and deposits. This bill allows the Director to consider banks owned or controlled by foreign governments for inclusion on this list, following an analysis of the creditworthiness of the institution. Such analysis must be performed by an independent rating or appraisal service, and the cost of the analysis must be borne by the insurer requesting the consideration. (Chapter 336)

H.B. 2298 - LIFE AND DISABILITY INSURANCE INSOLVENCY

This bill was proposed by DOI to correct a technical error from H.B 2366 enacted in 1991 which created a "residents only" Life and Disability Guaranty Fund. The mechanism by which insurers are assessed for Guaranty Fund payments to nonresidents was inadvertently removed. While the circumstances under which nonresidents are paid from the Arizona Guaranty Fund are strictly limited, should such payment be necessary, H.B. 2298 provides the necessary administrative mechanism by which assessments can be made. In addition, the bill clarifies that a nonresidents is not eligible for payment from the Arizona Guaranty Fund unless the insolvent insurer has never been licensed in the state in which the claimant resides. (Chapter 71)

H.B. 2324 - INSURANCE PREMIUM TAX CREDIT STUDY

This bill amends current law regarding a study committee established in 1991 to examine the economic impact of repealing or modifying the insurance premium tax credit system. H.B. 2324 eliminates the requirement that a consultant be hired by the study committee to analyze insurance premium tax credits by January 15, 1992. Further, the bill eliminates the due date of the final reports by the consultant and study committee, and provides that the Life and Disability Guaranty Fund transfer the funds to pay a consultant when a qualified consultant is retained by legislative council. Finally, H.B. 2324 provides that funds which are not used by the legislative council for this purpose revert to the Guaranty Fund if unextended or unencumbered on September 30, 1992 instead of June 30, 1992. (Chapter 30E)

H.B. 2441 - BIDS FOR CONSTRUCTION, RECONSTRUCTION, EQUIPMENT OR SUPPLIES; PROCEDURE; BOND

In addition to changing numerous provisions in Title 28, H.B. 2441 amends existing law to allow surety bonds required for certain Arizona Department of Transportation construction projects to be issued only by a surety insurer holding a certificate of authority issued by DOI. The bill provides

that surety bonds issued by individual sureties will not be acceptable for this purpose. (Chapter 227)

H.B. 2489 - TITLE INSURANCE AND ESCROW SERVICE

H.B. 2489 increases the frequency of escrow agent examinations by the State Banking Department, clarifies the CPA audit requirements and allows the Superintendent of Banks to require periodic reports. Beginning January 1, 1994, the bill shifts the responsibility of regulating escrow rates and fees for escrow services from DOI to the State Banking Department. An Arizona Escrow Insolvency Fund is also established in the state treasury, effective January 1, 1993. This fund will be administered by the Superintendent of Banks.

After the effective date of this bill, the State Banking Department and DOI are required to coordinate audits for individuals who offer both escrow and title insurance services. DOI will provide the State Banking Department with thirty days notice of a title insurance examination. If appropriate, the State Banking Department will conduct its examination at the same time. The bill establishes new civil penalties for title insurers and title insurance agents who deviate from their effective rates, and provides for definitions of "abstract of title", "preliminary report", "commitment", "binder", and "title insurance policy" in the insurance code. Additionally, current requirements that title insurance agents pass a standard insurance examination to be licensed are removed from the law. The bill also provides that title insurers are not responsible if agents misrepresent themselves as being an insurer, rather than an agent.

As noted earlier in this letter, H.B. 2489 provides for major revisions to the laws which pertain to the business of title insurance and escrow services in Arizona. I encourage all parties who may be affected by these changes to obtain a copy of this law and become familiar with the statutory revisions. (Chapter 203)

I would like to acknowledge the support and assistance provided by Senator Peña and Representative Mills, Chairs of the Senate Commerce and Labor Committee and the House Financial Institutions and Insurance Committee, respectively. The efforts of these legislators, as well as their staff and interns, made passage of these important laws possible.

1991 ARIZONA PROPERTY AND CASUALTY BUSINESS

The following reports show the 1991 results of the top twenty-five admitted insurers writing in each line of business reported. Only the major property and casualty lines of business are included.

The information as to premiums written, premiums earned, losses paid and losses incurred for the top twenty-five insurers was obtained from page 14 of their filed annual statements. The totals for all insurers were obtained from the National Association of Insurance Commissioners' database as was the count of insurers which represents those insurers licensed to do business in Arizona who are actively writing the particular line of business.

The section of each report entitled "1991 Estimated Results on Arizona Business" provides an estimate by the Department of Insurance of the combined gain or loss in Arizona of all insurers who were actively writing the particular line of business in 1991. The annual statement insurance expense exhibits of the top twenty-five insurers were used to obtain the various group amounts and percentages for expenses, investment income allocation and dividends.
